Report of Inauguration of Sanitary Vending Machine and Incinerator

Date: 8th March 2022

On the occasion of International Women's Day, sanitary napkin vending machine and incinerator machine were brought to the students at Vinayak Science College, Nandgaon Khandeshwar.

Today's fast paced life requires such a machine. Along with the issue of safety of women and students who are outside for hours, the issue of their health also becomes important. That is why it is very necessary to have a napkin machine in every college and office. It was under this guidance that a machine bus was introduced in the college.

The response of the girls was much better after the actual installation. This has become a necessity in the present times.

Dr. Sanitary Napkin Vending Machine and Incinerator was inaugurated by Minal Deshmukh, President Gynecologist Association Amravati. As the chief guest at this inauguration ceremony, Dr. Shalaka Bari Secretary Gynecologist Association Amravati was present. On this occasion, the principal of the college Dr. Alka Bhise presided over the function. On this occasion Dr. Meenal Deshmukh wished the students on International Women's Day and in an orientation speech guided the students about the importance of the machine and how to use it and the health effects of not using sanitary napkins. Women's room congratulated for this.

On this occasion Dr. Shalaka Bari told the students about the theme of this year's International Women's Day. Addressing the students in his speech, he told the students that this year's theme of International Women's Day 2022 is 'Gender Equality Today for a Sustainable Tomorrow'. According to this, even though gender equality is seen in the society now, there are still some elements of the society where women do not get the right to education, to speak freely, to fulfill their dreams. Different themes are organized every year to create awareness in such factors. Accordingly, this year's theme is gender equality. Even today we do not talk much about menstruation in our presidential speech. It is spoken like a whisper. Menstruation is still considered taboo in our country. Then we appealed that we should change this situation. In his thanksgiving, the coordinator of women's room Dr. Suchita Khodke thanked Gynecologist Association Amravati for providing financial support for the purchase of sanitary napkin vending machine.
