### Save Soil Campaigning

Date: 22 April 2022

Green Army Club, Vinayak Vidnyan Mahavidyalaya, Nandgaon (Khandeswar), Dist. Amravati has organized the 'Save soil Campaigning' on the occasion of 'World Earth Day' for awareness about the soil importance and its value among the students and local people.

Healthy soils are essential for healthy plant growth, human nutrition, and water filtration. Healthy soil supports a landscape that is more resilient to the impacts of drought, flood, or fire. Soil helps to regulate the Earth's climate and stores more carbon than all of the world's forests combined, despite of, in a competition of global economic in developed and developing countries soil pollution is a major problem. In a last few decades soil pollution is a countable global problem now.

To sensitize the issue, 'Green Army Club' organized the program and released the awareness video on YouTube platform (<https://youtu.be/4aoaRL-6OUA>) created by Vinayak Vidnyan Mahavidyalaya team.

For the successes of campaigning it was a great support by Dr. Alka Bhise, Principal, Vinayak Vidnyan Mahavidyalaya. Idea and thought person of the drive was Dr. Suchita Khodke, Head Dept. of Botany and IQAC coordinator. It was a great work by technical team Dr. Gajendrasingh Pachlore, Mr. Anand Hirwale, Mr. Subodh Bansod, Dr. Swapnil Tinkhede, Mr. Ajay Ambhore, Dr. Pratibha Mahalle and Dr. Kavita Kakade. Green Army Club officials and students of the college were actively participating in drive.

during lockdown. Many workshops were organised in an online fashion. However this year the new executive body got a fresh start and hence decided to organise the State Level Workshop for making of Holi colours in hybrid fashion with attendees offline as well as online. The registration for this workshop got an overwhelming response and participants from almost all the nooks and corners of Maharashtra participated. The Workshop was conducted by Dr Suchita Khodke, Head of the department of Botany at Vinayak Vidnyan Mahavidyalaya, She is an expert on micro greens culture and rose cultivation also. Dr Suchita Khodke got an expertise in conducting such workshops Online as well as offline. She gave a brief about why there is a need of using this natural colour as a best alternative for chemical colours

that are predominately sold in the market. She mentioned that these chemical colours could be carcinogenic (Cancer Causing) and even may have a prolonged effect on skin, eyes and the respiratory system. She discussed on how to extract the colours from the plant material and use them by simple techniques to

#### REPORT

Paper bag making workshop organised on the occasion of Installation ceremony of Green Army Club of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar.

Green Army Club is a name synonymous to conservation and protection of nature and wildlife. The club has been dedicatedly and consistently doing the work of spreading words of awareness among the rural population of Nandgaon Khandeshwar. The club is formed by initiative taken by

Department of Zoology and botany of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar. This year the new executive committee was

selected by the supervising faculty members of Botany and Zoology department. The usual Practice of selecting President from B.Sc. Final year and rest of the members from second and first year was followed this time also. The installation ceremony was scheduled on 5<sup>th</sup>

January 2022, However the newly appointed members of green army club suggested to organise a workshop of paper bag making to mark the installation ceremony in a unique way. The idea was immediately accepted and a workshop was organised for the students and most importantly the resources were also the students of second year Miss Akshada Dhandare, Miss Shreya Dhoke and Miss Sejal Chandurkar. The trio of these girls took the initiative and managed the complete workshop. The event was

anchored by Miss Sakshi Inzalkar, from B.Sc Second year. The president of workshop Dr Alka Bhise appreciated the unique way of installation of executives. She also congratulated the newly appointed president of Green Army Club Miss Pratiksha Shahade of B.Sc Final year, Vice President Shubham Sanap, B.Sc Final year, Secretary Akshada Dhandare and treasurer Miss Mohini Makode. The motivation and working of Green Army Club was put forward by Dr Gajendrasingh Pachlore, Co Convener of Workshop and Assistant Professor In zoology. The chief Guest of the event Dr Suchita Khodke, IQAC Coordinator and head dept. Of Botany. Dr Khodke in her address convey the need of conservation and also insisted that the youth and young generation must come forward in improving the quality of environment. She congratulated the new executive and members of green army Club. The name of the executive members were announced by Dr Khodke madam and the event was followed by workshop. The workshop was attended by the students of Science and commerce faculty. In the beginning Miss akshada dhandare and Shreya Dhoke gave the demonstration of paper bag making they used the old newspaper and a Gum to prepare the paper bag. The process was keenly observed by the participating students. In the latter half of the workshop the participating studnets also prepared the paper bag. 50 such paper bags were prepared and these bags were latter distributed among the street vendors by the students. The workshop was fruitful in a sense that students promised to make a huge numbers of these bag in order to eradicate the uncontrolled use of polythene bags apparently providing a solution to the land pollution. The event was made successful by logistic support of Dr Pratibha Mahalle Head Dept. of Zoology, Dr Swapnil Tinkhede, and Assistant Professor Dept. Of Zoology along with Mr Subodh Bansod, Assistant Professor Dept. Of Zoology. Dr Shilanad Hwarale also contributed greatly in making the workshop a grand success

## Report on Solid Waste Management Program

Waste management is important for the proper disposal of the waste. In our daily life we produce many unwanted things called it as waste, such as Vegetable remains, plastic wrappers of chips, chocolates, biscuits etc. Therefore There are 2 types of wastes i.e. Degradable and nondegradable. Generally people in our society throw away the household waste in various public places. Due to this public places becomes dirty places. There for Segregation of waste is important for proper waste management. Green army club plays an important role in creating awareness about waste management. Due to this green army club of vinayak vidnyan Mahavidyalaya has arranged one day program on solid waste management in YES High School on 7<sup>th</sup> February 2022.

We have presented a demonstration of segregation of solid waste into 3 colored dustbins such as Red, Blue & Green for E-waste, Dry Waste & Wet Waste respectively. We have communicated to the students. We have promoted the students to start the segregation of solid waste into biodegradable and non biodegradable waste. Use of different dustbins for different waste suggested to the students. The harmful E-waste such as electronic and electric spare parts of mobile, computer, charger, keypad, T.V radio, Plastic etc. is collected and given to

Kabadiwala for recycle. The wet & dry waste is collected and utilized for the formation of compost fertilizer. These steps help to reduce the waste from society.

Objective of the Solid Waste Management-

- 1) To aware the students about Solid Waste.
- 2) To aware the students about proper segregation of solid waste.
- 3) To create importance of Reduce, Recycle, Reuse and Refuse of solid waste among the students.
- 4) To aware about the management of solid waste.
- 5) To create awareness in the students about production of compost from solid waste.

Activity-

- 1) Program on awareness on solid waste management in area.
- 2) Program on how to create:-निर्माळ्य पासून स्वतःनिर्मिती.
- 3) Home to home demo on solid waste management.
- 4) Students have started the segregation of waste in their homes.

All the members of green army club actively participated and created awareness among the students of YES high school.

MY BAPPA

"My BAAPA" eco-friendly way to welcome Ganesh this festive season.

Department of Zoology and GREEN ARMY CLUB of Vinayak Vidnyan Mahavidyalaya, Nandgaon(kh) Joined Hands with Wildlife and Environmental Conservation Society for eco friendly ganesh utsav.

India is known for its vivid festivals and rituals that are followed during these festivals. It's exciting to see people gathering and coming together to celebrate various festivals but while doing this one must also realise that this power of togetherness can be used for the betterment of planet earth and also in restoring the beauty of mother nature. One such festival of great importance is Ganesh Utsav. The arrival of Ganapati is celebrated in all the households, but it has been observed that after the 10 days of celebration is over the Plaster Of Paris (POP) idols are half immersed in local ponds and water bodies. These idols along with the bunch of offerings become the part of water pollution now. Although the local governing body every year makes an arrangement to reduce this pollution but ever-increasing sale of POP idols of Ganapati has made the situations worsening. To tackle this deteriorating situation GREEN ARMY CLUB of Vinayak Vidnyan Mahavidyalaya, Nandgaon (kh) Along with Wildlife Environment Conservation Society, Amravati has initiated the promotion of selling Ganapati idols made out of clay and not POP. The WECS, Amravati is a pioneer organisation and has been spreading awareness in this field from many years. Department of Zoology, of Vinayak Vidnyan Mahavidyalaya, Nandgaon(kh) have signed MoU with WECS and have actively participated in many nature friendly activities along with WECS. This year department of Zoology extended the work of WECS of spreading awareness towards clay idol instead of POP in the town of Nandgaon (kh). The Department of Zoology successfully sold more than 100 clay idol of Ganapati bappa at Nandgaon(kh). The activity was carried out in association with GREEN ARMY CLUB club of Vinayak Vidnyan Mahavidyalaya, Nandgaon (kh). It was found that POP does not dissolve quickly and takes months and some time years to get completely dissolved. This half immersed idol blocks the passage of flow of water and hence the clogging of rivers and water bodies takes place. Apart from the clogging of river mouths, the colors that are used in painting the idol are also very toxic and are source of heavy metal pollution. The best remedy to this problem is that everyone must resort to clay idol and must use minimum or no plastic decorative items. The movement started by department of Zoology will definitely gain a momentum in next year. The event was supported by all the Members of WECS specially the president of WECS Dr Anjali Deshmukh, Secretary Dr Jayant Wadkar were great support during the organisation of the event. The event was also hugely appreciated by IQAC coordinator Dr Suchita Khodke and Principal of Vinayak Vidnyan Mahavidyalaya, Nandgaon (kh) Dr Aika Bhise. Members of the organising committee Dr Gajendrasingh Pachlore, Mr Shilanaad Hiwarale, and Mr Subodh Bansod took efforts to make the event a grand Success.
