3.3.2.1. Total number of awards and recognition received for extension from government/government recognized bodies during the year.

3.3.2.1. Awards and recognitions received for extension activities from government/government recognized bodies.

Response:

Students are the good ambassador to create the awareness in the society for well-being of the human being. Our institute in collaboration with government bodies/ government recognized bodies provides exposure to the students and uses their potent publicity power for the benefit of the society. By the implementation of this policy, students also inculcate in the main stream of the society and come to know the problems and help the government bodies locally to overcome it. The NSS and NCC wings of the college have actively participated in the extension/outreached programmes. This ultimately leads to the social and holistic development of the students which support the nation building.

As per the instruction received from local governing bodies, our institute implemented the extension/outreached activities like, **Swachha Bharat Abhiyan, Green Ganesha Rally, Eco-friendly Ganesha Idols and Ecofriendly immersion of Ganesha, Blood Donation Camp, Voter's Awareness Rally, AIDS Awareness Rally, Corona Awareness Rally, Vaccination Drive** etc.

1. In collaboration with government body, our college actively participated in the **Blood Donation Camp** which helped to fulfill the requirement of the blood during medical emergency. Recognized blood bank helped us to execute this activity.
2. In collaboration with local governing body, students participated in the **Green Ganesha Rally** and created the awareness towards the use of Clay Idols rather than Plaster of Paris idols which harms the water bodies leading to the water pollution.
3. In collaboration with Tahsil office, students participated in the **Voter's Awareness Rally** and spread the essential information regarding the registration process for the new voters and urge the people to cast their valuable votes during the election process.
4. Students also participated in the **AIDS Awareness** programme which helped to improve the knowledge of the society about the deadly disease. This activity also helped to minimize the threat about the disease in the society.

5. Students also participated in the **Road Awareness** programmes in collaboration with local police station. During the programme, students got the information about the safety rules of traffics from local authority and later on students spread the information in nearby society.

For the social supports shown by the institutes, the local government authorities appreciated the institute and gave certificate of recognition for the works. Our institute always has vision to cooperate with the local government bodies to implement their social beneficial plans which helps to upgrade the socio-economic growth of the society.
