7.1.5 Green Campus Initiatives

The Institutional Initiatives for greening the campus are as follows:

1. Restricted entry of automobiles
2. Battery-powered vehicles
3. Pedestrian-friendly pathways
4. Ban on the use of Plastics
5. Landscaping with trees and plants

Response:

B. Any three of the Above

- 1. Pedestrian-friendly pathways**
- 2. Ban on the use of Plastics**
- 3 Landscaping with trees and plants**

7.1.5 GREEN CAMPUS INITIATIVES

1. Pedestrian-friendly pathways

Campus has sufficient space for parking vehicles. Roads inside the campus are well maintained. Pedestrians can walk safely through the campus through walk friendly pathways. Entry of vehicles inside the campus is restricted. Security people are assigned duties on every turn and crossing to the campus. The campus has improved pedestrian visibility, additional area for pedestrian queuing, and a location for sidewalk amenities and landscaping.

Pedestrian Pathway-1

Pedestrian Pathway-2

2. Ban on the use of plastics

Sustaining cleanliness is the essential part of healthy living because it is hygiene and helps us to develop our personality by keeping us clean externally and internally. So institution decided to go plastic free in the campus. There are no paper cups, plastic plates and spoons instead of that were using steel glasses, plates and spoons inside the campus. We are using only steel. We had “Plastic free zone” to create awareness among the community as whole to stop the pollution and leave behind a green and pollution free place for our future generations.

3. Landscaping with trees and plants

Landscaping with Trees and Plants Within the campus, the institution maintains a clean and green environment. By establishing a distinct estate maintenance wing, the Institution ensures the preservation of the environment. It maintains the lawn and plantations by employing gardeners and sweepers. Our institution is more concerned with keeping a green campus and being environmentally friendly, which ensures that pure oxygen is available throughout the building. The campus has been made greener by the addition of more trees, providing a pleasant environment for students to learn in and faculty members to work in.
