The college has a sprawling green campus and gives top priority to keep the campus clean and eco-friendly. It is processed as per the nature of the waste.

E-waste Management: -

For E-waste management our parent institution has appointed us a committee. The committee members come to see the condition of E-waste. The damaged parts of computers shall be displayed from inside and outside.

Solid waste Management: -

The college has set up sanitary napkin vending machine in washrooms with incineration function for used napkins. Regular maintenance of drinking water tap, RO water filter, and drainage and water pipelines is kept by the college support staff. Paper waste material donated to scrap dealer for recycling.

The college has a vermicompost unit in which it is collected. College has septic tank for waste management.

The students conveyed made to participate in the waste management process. Dustbins are kept in the campus at various places

Liquid Waste Management: -

Hazardous Chemicals are kept separately in the laboratory away from the reach of students. Students are made aware of the hazardous chemicals and safety aspects when they are given instructions before utilizing the chemicals. Department has waste liquid management tank for the filtration of liquid.

Vinayak Vidnyan Mahavidyalaya, Nandgaon Kh.

Dustbins

Vermicompost

Liquid waste management at Chemistry department
