**3.4.2.** Awards and recognitions received for extension activities from government/government recognized bodies.

**Response:**

Students are the good ambassador to create the awareness in the society for well-being of the human being. Our institute in collaboration with government bodies/ government recognized bodies provides exposure to the students and uses their potent publicity power for the benefit of the society. By the implementation of this policy, students also inculcate in the main stream of the society and come to know the problems and help the government bodies locally to overcome it. The NSS and NCC wings of the college have actively participated in the extension/outreached programmes. This ultimately leads to the social and holistic development of the students which support the nation building.

As per the instruction received from local governing bodies, our institute implemented the extension/outreached activities like, **Swachha Bharat Abhiyan, Mazi Vasundhara, Green Ganesha Rally, Eco-friendly Ganesha Idols and Ecofriendly immersion of Ganesha, Blood Donation Camp, Voter's Awareness Rally, AIDS Awareness Rally, Corona Awareness Rally, Vaccination Drive** etc.

1. **Under Swachha Bharat Abhiyan**, students cleaned the college campus, nearby area and Tahsil office, Nandgaon Khandeshwar. This activity helped the students to highlight the importance of cleanliness in general life.
2. In collaboration with government body, our college actively participated in the **Blood Donation Camp** which helped to fulfill the requirement of the blood during medical emergency. Recognized blood bank helped us to execute this activity.
3. In collaboration with local governing body, students participated in the **Green Ganesha Rally** and created the awareness towards the use of Clay Idols rather than Plaster of Paris idols which harms the water bodies leading to the water pollution.
4. In collaboration with Tahsil office, students participated in the **Voter's Awareness Rally** and spread the essential information regarding the registration process for the new voters and urge the people to cast their valuable votes during the election process.

5. Students also participated in the AIDS Awareness programme which helped to improve the knowledge of the society about the deadly disease. This activity also helped to minimize the threat about the disease in the society.
6. Under the mission of **Mazi Vasundhara (My Earth)**, a programme called **Harith Shapath** had organized in collaboration with Tahsil Office, Nandgaon Khandeshwar. This programme helped to aware the society about the conservation of nature and how to avoid the activities which damage the nature.
7. In concern with **Covid-19** situation, students participated in the **Corona Awareness programmes** where they interacted with the people and create awareness towards the safety precautions need to be taken to fight against corona virus. Such activities proved very effective during the corona.
8. In concern with the **Covid-19**, our institute had organized vaccination drive for the students as well as the people. This activity proved helpful for the government body for vaccinating the society and stand firm against the corona virus.

For the social supports shown by the institutes, the local government authorities appreciated the institute and gave certificate of recognition for the works. Our institute always has vision to cooperate with the local government bodies to implement their social beneficial plans which helps to upgrade the socio-economic growth of the society.
