<b>1</b>	<b>Green Policy 2017-18 to 2020-21</b>	
----------	--	--

**GREEN POLICY**

Vinayak Vidyan Mahavidyalaya Nandgaon Kh. Dist. Amravati has taken an initiative to initiate and promote the activities that help to keep green.

**Objectives:**  
 To inspire students to use eco-friendly material to reduce plastic waste.  
 To give practice to the students that won't harm the environment.  
 To aware the students about future steps to keep the environment healthy.

The following green Policies are proposed to be observed by all in the college campus.

1. Inspire students to use clothbags to reduce plastic waste.
2. Make newspaper packets from waste newspapers.
3. Encourage students to make use refill pens instead of ball pens to prevent accumulation of plastic waste.
4. Encourage the use of e-copies on the campus.
5. Welcome the dignitaries with a single flower or a sapling during functions by avoiding the complete use of bouquets wrapped in plastic covers.
6. Avoid burning plastic and papers by handing them over to scrap dealers.
7. Minimize the use of paper.
8. Display reminders in every class room and office rooms to turn off lights and fans when not in use.
9. Constitute Green Army Club to create awareness about green practices among the students.
10. Create awareness about the environment among the people in the society.
11. Conduct green awareness sessions for students, faculties and office employees.
12. Encourage students to use and promote LED bulbs.
13. Installed LED bulbs in the classrooms and laboratories.
14. Carry out Cleanliness drive, SwachhtaBharat Abhiyan etc.
15. Perceive all important environmental days.
16. Organise rally for save tree, save water, save girl child, save environment etc.

## Solid Waste Management

### Introduction-

Vermicompost is the important organic fertilizer for plants. It is rich in humus & nutrients, therefore serve as a good source of manure for growing crops. Vermicomposting is a method of using worms to transform organic waste into a nutrient-rich fertilizer. The main objective of Vermicomposting is to produce organic manure of exceptional quality for the organically starved soil by using agricultural wastes garden wastes and animal farms waste are usually dumped into at places resulting in a foul mess. It is a healthy and clean way to eliminate wastes going into our landfills, which improves the environment. Vermicomposting attracted lot of interest in recent years due to increasing environmental concerns and use of sustainable fertilizers. The Vermicomposting is becoming very popular due to a way to treat organic wastes more quickly. It is the Eco-friendly method of converting organic waste into nutrient rich fertilizer. College campus has ample amount of leaf, so these leafs are used in the vermicompost. Keeping this in mind Zoology department of Vinayak Vidnyan Mahavidyalaya constructed the vermicompost unit in the college.

### OBJECTIVES AND GOALS:

- To Maintain Vermicomposting Unit in college in order to maintain ecofriendly college campus.
- To utilize waste of campus plants and garden by using earthworms and get vermicopost as a Black Gold!
- To aware the students and society to use chemical free Vermicompost as an organic fertilizer for agriculture.
- To provide own Vermicompost to college horticulture and gardens in free of cost.
- To create awareness among students & society about benefit of organic farming.

### Vermicomposting bed Pit Method-

The vermicomposting bed is made up of PVC plastic sheet. The four square Vermicomposting bed pit composting is an ideal system of preparing organic manure i.e. compost which replaces chemical fertilizers & enhances the crop yield with the activity of earthworm.

**Materials:** Cow dung, biomass, waste of plants & animals, earthworms, brick, cement, sand, green grass or leaves, water.

**Size:** 12'x4'x1.5'

**Construction:** Under the shade of tree four square pvc plastic pit vermicompost bed was constructed. Made a ventilation hole in the dividing walls to ensure adequate supply of air during composting. Out of which two chambers (Pits) were filled with the mixture of biomass & cow dung with water to maintain a moisture between 60-75% & two chambers remained vacant, after 10 days earthworms are introduced in pit. This material was turned after 15 days & thereafter at an interval of 30 days. After each turning water is sprinkled to maintain sufficient moisture. Compost (dark soil like granular substance) become ready within 3-4 months. After 45 days earthworms move from one chamber to another (second) chamber. Thus one chamber provides about 5-6 quintal of compost.

#### Benefits of Vermicompost-

- This practical knowledge of vermicomposting developed the skills among the students.
- Productive utilization of organic waste materials eg. Agriculture wastes, forest litter, agro-based industrial wastes etc.
- Vermicompost is store house of plant nutrients.
- To improve physical, chemical & biological properties of soil & ensure better, crop productivity.

Students of the college actively participated in this activity.

### Green Army Club of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar gave an Eco Friendly Twist to Celebration of Holi: Organized State Level Workshop on Making of Eco friendly Holi Colours.

Green Army Club of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar paved the way for celebrating holi in an eco-friendly manner. The clubs activity are talk of the town and everybody is talking about the clubs remarkable contribution in creating awareness towards eco-friendly activity. The executive committee of Green Army Club for the year 2021 -22 have shown a great alacrity in conducting the nature friendly activity during this session, be it Eco friendly Ganesh festival celebration or management of waste during festive seasons , the green army club has showed the way by their actual work. Last year the Green army executive committee kept up the pace of activities even

that are predominately sold in market. She mentioned that this chemical colours could be carcinogenic (Cancer Causing) And even may have a prolong effect on Skin, eyes and respiratory System. She discussed on how to extract the colours from the plant material and use them by simple techniques to

during lockdown. Many workshops were organise in an online fashion. However this year the new executive body got a fresh start and hence decide to organise the State Level Workshop for making of Holi colours in hybrid fashion with attendees offline as well as online. The registration for this workshop got overwhelming response and participant from almost all the nooks and corner of Maharashtra participated. The Workshop was conducted by Dr Suchita Khodke, Head of the department of Botany at Vinayak Vidnyan Mahavidyalaya, She is an expert on micro greens culture and rose cultivation also. Dr Suchita Khodke got an expertise in conducting such workshop Online as well as offline. She gave a brief about why there is need of using this natural colour as an best alternative for Chemical colour

**Green Army Club – Better environment , better tomorrow.**

## Vinayak Vidnyan Mahavidyalaya, Nandgaon Kh.

form natural, Zero Toxic eco-friendly Holi Colours. Dr Khodke showed the preparation of the colours using Arrowroot Powder (Starch Powder) and mixing the powder with colours obtained from rose petals, Hibiscus petals, "palash flowers". Bright and natural colours were thus prepared by utilizing the household materials. The offline participants were very happy to find the process easy and takes very little technical understanding. The workshop was blessed by Dr Alka Bhise as the President for the workshop. Dr Alka Bhise, Principal of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar attended the event online, she in her address to the participants conveyed her best wishes for the workshop. She also shared her memories of holi where chemical colours were used and the plight of removing those colours was painful and tiresome. She was very happy with the working and organisation of Green Army Club. The Motivation and reason for organising the workshop was conveyed to the participants by Organising secretary of the workshop Dr Gajendrasingh Pachlore, he categorically mentioned the cultural importance of Holi festival and use of natural colour to not only conserve the nature but also a way to respect the tradition. The event was supported by Dr Pratibha Mahalle, Head dept. of Zoology. She was Chief Guest of the event. Dr Mahalle introduced the Resource Person Dr Suchita Khodke to the Participants. Ms. Pratiksha Shahde , President of Green Army Club was also present on the dais along with other dignitaries, she along with the other member of Green Army looked after the successful conduction of the event. The event was also supported by Mr. Subodh Bansod, Asst. Professor Dept. of Zoology, Mr Shilanad Hiwrale, Asst. Professor Dept. Of Botany, Dr Swapnil Tinkhede , Asst. Professor Dept. of Zoology and Mr Ajay Ambhore , Asst. Professor , Dept. of Physics. The event was anchored by Sakshi Inzalkar and the vote of thanks was delivered by Shreya Dhoke Both studying in S.Y.B.Sc.:

Report on

### Save Soil Campaigning

Date: 22 April 2022

Green Army Club, Vinayak Vidnyan Mahavidyalaya, Nandgaon (Khandeswar), Dist. Amravati has organized the 'Save soil Campaigning' on the occasion of 'World Earth Day' for awareness about the soil importance and its value among the students and local people.

Healthy soils are essential for healthy plant growth, human nutrition, and water filtration. Healthy soil supports a landscape that is more resilient to the impacts of drought, flood, or fire. Soil helps to regulate the Earth's climate and stores more carbon than all of the world's forests combined, despite of, in a competition of global economic in developed and developing countries soil pollution is a major problem. In a last few decades soil pollution is a countable global problem now.

To sensitize the issue, 'Green Army Club' organized the program and released the awareness video on YouTube platform (<https://youtu.be/4aoaRL-6OUA>) created by Vinayak Vidnyan Mahavidyalaya team.

For the successes of campaigning it was a great support by Dr. Alka Bhise, Principal, Vinayak Vidnyan Mahavidyalaya. Idea and thought person of the drive was Dr. Suchita Khodke, Head Dept. of Botany and IQAC coordinator. It was a great work by technical team Dr. Gajendrasingh Pachlore, Mr. Anand Hirwale, Mr. Subodh Bansod, Dr. Swapnil Tinkhede, Mr. Ajay Ambhore, Dr. Pratibha Mahalle and Dr. Kavita Kakade. Green Army Club officials and students of the college were actively participating in drive.

**REPORT**

Paper bag making workshop organised on the occasion of installation ceremony of Green Army Club of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar

Green Army Club is a name synonymous to conservation and protection of nature and wildlife. The club has been dedicatedly and consistently doing the work of spreading words of awareness among the rural population of Nandgaon Khandeshwar. The club is formed by initiative taken by

Department of Zoology and botany of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar. This year the new executive committee was selected by the supervising faculty members of Botany and Zoology department. The usual Practice of selecting President from B.Sc. Final year and rest of the members from second and first year was followed this time also. The installation ceremony was scheduled on 5<sup>th</sup> January 2022. However the newly appointed members of green army club suggested to organise a workshop of paper bag making to mark the installation ceremony in a unique way. The idea was immediately accepted and a workshop was organised for the students and most importantly the resource were also the students of second year Miss Akshada Dhandare , Miss Shreya Dhoke and Miss Sejal Chandarkar. The trio of these girls took the initiative and managed the complete workshop. The event was

anchored by Miss Sakehi Inzalkar , from B.Sc Second year. The president of workshop Dr Alka Bhise appreciated the unique way of installation of executives. She also congratulated the newly appointed president of Green Army Club Miss Pratiksha Shahade of B.Sc Final year, Vice President Shubham Sanap , B.Sc Final year, Secretary Akshada Dhandare and treasurer Miss Mohini Makode. The motivation and working of Green Army Club was put forward by Dr Gajendrasingh Pachlore, Co Convener of Workshop and Assistant Professor in zoology. The chief Guest of the event Dr Suchita Khodke, IQAC Coordinator and head dept. Of Botany. Dr Khodke in her address convey the need of conservation and also insisted that the youth and young generation must come forward in improving the quality of environment. She congratulated the new executive and members of green army Club. The name of the executive members were announced by Dr Khodke madam and the event was followed by workshop. The workshop was attended by the students of Science and commerce faculty. In the beginning Miss akshada dhandare and Shreya Dhoke gave the demonstration of paper bag making they used the old newspaper and a Gum to prepare the paper bag. The process was keenly observed by the participating students. In the latter half of the workshop the participating studnets also prepared the paper bag. 50 such paper bags were prepared and these bags were latter distributed among the street vendors by the students. The workshop was fruitful in a sense that students promised to make a huge numbers of these bag in order to eradicate the uncontrolled use of polythene bags apparently providing a solution to the land pollution. The event was made successful by logistic support of Dr Pratibha Mahalle Head Dept. of Zoology, Dr Swapnil Tinkhede, and Assistant Professor Dept. Of Zoology along with Mr Subodh Bansod, Assistant Professor Dept. Of Zoology, Dr Shilanad Hwarale also contributed greatly in making the workshop a grand success

REPORT

MY BAPPA

"My BAAPA" eco-friendly way to welcome Ganesh this festive season.

Department of Zoology and GREEN ARMY CLUB of Vinayak Vidnyan Mahavidyalaya, Nandgaon(kh) Joined Hands with Wildlife and Environmental Conservation Society for eco friendly ganesh utsav.

India is known for its vivid festivals and rituals that are followed during these festivals. It's exciting to see people gathering and coming together to celebrate various festivals but while doing this one must also realise that this power of togetherness can be used for the betterment of planet earth and also in restoring the beauty of mother nature. One such festival of great importance is Ganesh Utsav. The arrival of Ganapati is celebrated in all the households, but it has been observed that after the 10 days of celebration is over the Plaster Of Paris (POP) idols are half immersed in local ponds and water bodies. These idols along with the bunch of offerings become the part of water pollution now. Although the local governing body every year makes an arrangement to reduce this pollution but ever-increasing sale of POP idols of Ganapati has made the situations worsening. To tackle this deteriorating situation GREEN ARMY CLUB of Vinayak Vidnyan Mahavidyalaya, Nandgaon (kh) Along with Wildlife Environment Conservation Society, Amravati has initiated the promotion of selling Ganapati idols made out of clay and not POP. The WECS, Amravati is a pioneer organisation and has been spreading awareness in this field from many years. Department of Zoology, of Vinayak Vidnyan Mahavidyalaya, Nandgaon(kh) have signed MoU with WECS and have actively participated in many nature friendly activities along with WECS. This year department of Zoology extended the work of WECS of spreading awareness towards clay idol instead of POP in the town of Nandgaon (kh). The Department of Zoology successfully sold more than 100 clay idol of Ganapati bappa at Nandgaon(kh). The activity was carried out in association with GREEN ARMY CLUB club of Vinayak Vidnyan Mahavidyalaya, Nandgaon (kh). It was found that POP does not dissolve quickly and takes months and some time years to get completely dissolved. This half immersed idol blocks the passage of flow of water and hence the clogging of rivers and water bodies takes place. Apart from the clogging of river mouths, the colors that are used in painting the idol are also very toxic and are source of heavy metal pollution. The best remedy to this problem is that everyone must resort to clay idol and must use minimum or no plastic decorative items. The movement started by department of Zoology will definitely gain a momentum in next year. The event was supported by all the Members of WECS specially the president of WECS Dr Anjali Deshmukh, Secretary Dr Jayant Wadkar were great support during the organisation of the event. The event was also hugely appreciated by IQAC coordinator Dr Suchita Khodke and Principal of Vinayak Vidnyan Mahavidyalaya, Nandgaon (kh) Dr Alka Bhise. Members of the organising committee Dr Gajendrasingh Pachlore, Mr Shilanaad Hiwarale, and Mr Subodh Bansod took efforts to make the event a grand Success.

## Vinayak Vidnyan Mahavidyalaya Nandgaon Kh. GREEN ARMY CLUB

DATE: 29 December 2021.

### Report on Solid Waste Management program in YES High School -

Waste management is important for the proper disposal of the waste. In our daily life we produce many unwanted things called it as waste, such as Vegetable remains, plastic wrappers of chips, chocolates, biscuits etc. Therefore nondegradable. Generally people in our society throw away the household waste in various public places. Due to this public places becomes dirty places. Therefore Segregation of waste is important for proper waste management. Green army club plays an important role in creating awareness about waste management. Due to this green army club of Vinayak Vidnyan Mahavidyalaya has arranged one day program on solid waste management in YES High School on 29 December 2021.

We have presented a demonstration of segregation of solid waste into 3 coloured dustbins such as Red, Blue & Green for E-waste, Dry Waste & Wet Waste respectively. We have communicated to the students. We have promoted the students to start the segregation of solid waste into biodegradable and non biodegradable waste. Use of different dustbins for different waste suggested to the students. The harmful E-waste such as electronic and electric spare parts of mobile, computer, charger, keypad, T.V radio, Plastic etc. is collected and given to kabadiwala for recycle. The wet & dry waste is collected and utilized for the formation of compost fertilizer. These steps help to reduce the waste from society.

Objective of the Solid Waste Management-

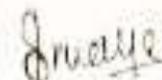

- 1) To aware the students about Solid Waste.
- 2) To aware the students about proper segregation of solid waste.
- 3) To create importance of Reduce, Recycle, Reuse and Refuse of solid waste among the students.
- 4) To aware about the management of solid waste.
- 5) To create awareness in the students about production of compost from solid waste.

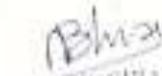

Activity-

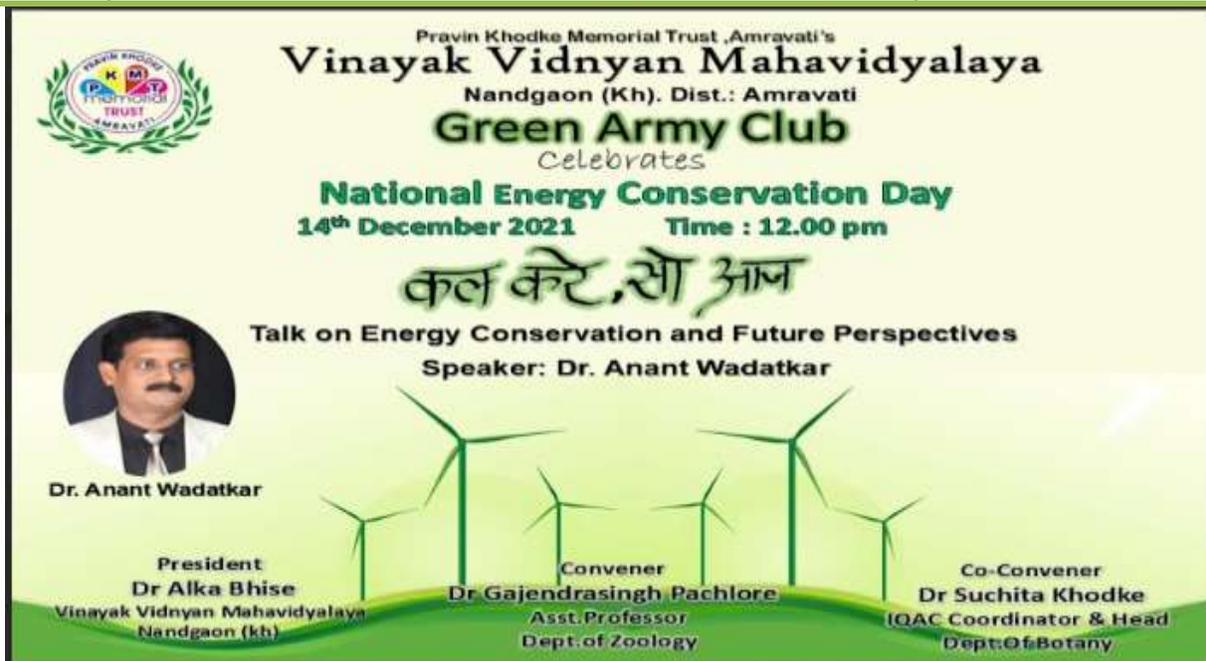

- 1) Program on awareness on solid waste management in area.
- 2) Program on how to create निर्माण्य पासून खतनिर्मिती.
- 3) Home to home demo on solid waste management.
- 4) Students have started the segregation of waste in their homes.

All the members of green army club actively participated and created awareness among the students of YES high school.

Participants :151

8<sup>th</sup> International Women's Day is widely celebrated across the world to honor women working in different fields and to respect their self-esteem. Women are the strength of society. She has immense power and potential. On the basis of this immense power and self-discipline, she has established her fame in all fields. Science, Industry, Politics, Economy, it has established its strong position by flying sky planes. On the occasion of this World Day, an interview of Ranges Doctor Prachi Mehta was organized for the students by the Women cell of Vinayak Science College, Nandgaon Khandeshwar, run by Pravin Khodke Memorial Trust Amravati, Taluka Nandgaon Khandeshwar, Amravati District. Today, all over the world, women are stepping out of the house and working shoulder to shoulder with men in various fields, so women have a remarkable place in the world. But conservation and conservation of the various wild animals and birds on our plains has become the need of the hour. Keeping this topic in mind, the coordinator and principal of the college decided to interview Dr. Prachi Mehta, who is working in this field, and after reviewing the work done by her, she should inform the students about this field. Scientist and Conservation are Interview Conducted Online Program Axis Coordinator Women cell/Vinayak Science College Nandgaon Khandeshwar Conducted Interview Commencement Where did the dignitaries' schooling take place? These questions are done. Also, how did his family support her when she grew up in this field? How do you balance your personal life with your work? What are the difficulties they face? etc. Their participation in this field and the performance of the child were presented to everyone. Prof. Gajanan Munikar Department of Botany Art and science College Chikhaldara, Coordinator, Indian Science Congress Association Calcutta Amravati Chapter was a special presence in this program. Students of various disciplines and nature lovers registered their presence. Dr. Preeti Deshmukh asked the questions of the students, while Dr. Pratibha Muhalle gave an overview of the program organized under Mahila Paksha and Dr. Kavita Kakade gave a vote of thanks at the end. Everyone tried their best to organize the event successfully.

# जगभरातील वन्यजीव आणि नैसर्गिक संसाधनांचे संरक्षण करण्यासाठी महिलांचा पुढाकार आवश्यक : डॉ. प्राची मेहता

अमरावती दि. १० : संपुर्ण जगभरात मोठ्या प्रमाणात साजरा होणारा म्हणजे ८ मार्च जागतिक महिला दिवस. हा दिवस वेगवेगळ्या क्षेत्रात काम करणाऱ्या महिलांच्या सन्मानार्थ तसेच त्यांच्या आत्मसन्मानाचा आदर करण्याकरिता साजरा केला जातो. स्त्री ही समाजाचा मजबूत कणा आहे. तिच्यामध्ये अपार शक्ती आणि क्षमता आहे. याच अपार शक्तीच्या व आत्मबळाच्या आधारावर तिने सर्वच क्षेत्रात आपली किर्ती स्थापित केली आहे. विज्ञान, उद्योग, राजकारण, अर्थकारण, ते आकाशात विमान उडवत आपले भक्कम स्थान निर्माण केले आहे. या जागतिक दिनाचे औचित्य साधून अमरावती जिल्ह्यातील नांदगाव खंडेश्वर या तालुक्यामधील प्रविण खोडके मेमोरियल ट्रस्ट द्वारा संचालित विनायक विज्ञान महाविद्यालयच्या महिला कक्षातर्फे 'दिवसोस विथ डॉ. प्राची मेहता आयोजित करण्यात आला. आज जगात सर्वच ठिकाणी महिला घराबाहेर पडून पुरुषांच्या

खांदाला खांदा लावून विविध क्षेत्रात काम करत आहे. त्यामुळे जगात महिलांचे उल्लेखनीय स्थान निर्माण झाले आहे.

परंतु आपल्या अखनीवर असलेले विविध जंगली पशु पक्षी याचे जतन आणि संवर्धन करणे आज काळाची गरज बनली आहे. हा विषय लक्षात घेवून

महाविद्यालयाच्या प्राचार्या डॉ. अलका भिसे यांनी ह्या क्षेत्रामध्ये कार्यरत असणाऱ्या अशा डॉ. प्राची मेहता यांची मुलाखत घ्यावी व त्यांनी केलेल्या

कार्याचा आढावा घेत विद्यार्थ्यांना या क्षेत्राची माहिती करून द्यावी असे ठरविले. डॉ. प्राची मेहता ह्या सिनियर सार्वटिस्ट आणि कॉन्सर्व्हेशनलिस्ट आहेत. मुलाखत हि ऑनलाईन पद्धतीने झूम अॅपच्या माध्यमाने झाली. कार्यक्रमाची धुरा डॉ. सुचिता खोडके, समन्वयक महिला कक्ष, विनायक विज्ञान महाविद्यालय, नांदगाव खंडेश्वर यांनी पार पाडली. मुलाखतीची सुरुवात मान्यवरांचे शालेय शिक्षण कुठे झाले? या प्रश्नांनी झाली तसेच ह्या क्षेत्राकडे त्या कशा वळल्या, त्यांचे कुटूंब त्यांना कशा प्रकारे साथ देते, वैयक्तिक जीवन आणि आपले कार्य यामध्ये त्या कशा ताळमेळ साधतात? त्यांना काय काय अडचणी येतात? इत्यादी प्रश्नांची श्रृंखला करून त्याचा या क्षेत्रामधला सहभाग आणि मोलाची कामगिरी सर्वांसमोर उजड करण्यात आली.

समन्वयक इंडियन सायन्स कॉंग्रेस असोसिएशन कोलकता, अमरावती चेंटर यांचे सहकार्य लाभले. तसेच या कार्यक्रमासाठी प्रा. गजानन मुरतकर, वनस्पती शास्त्र विभाग प्रमुख, आर्ट्स कॉलेज, चिखलदरा यांनी कार्यक्रमासाठी आपली विशेष उपस्थिती दर्शविली व कार्यक्रमाच्या यशस्वी आयोजनासाठी सर्वांचे कौतुक केले. या मुलाखतीला १५१ नामांकने आली होती. विविध शाखेच्या विद्यार्थ्यांनी व निसर्गप्रिमींनी आपली उपस्थिती नोंदविली. विद्यार्थ्यांचे प्रश्न डॉ. प्रीती देशमुख यांनी विचारले तर महिला कक्षाच्या अंतर्गत घेतलेल्या कार्यक्रमाचा आढावा डॉ. प्रतिभा महल्ले यांनी दिला तर आभार प्रदर्शन डॉ. कविता काकडे यांनी केले.
