BEST PRACTICE : 01

Title: One step towards Mother Earth

Objective : Environment degradation is one of the most burning issue at global level. As a citizen's of India, it's our prime duty to act responsible to make the mother Earth a healthier and better place to live. As an Educational institute, the Students and faculty members of the college in both their campus and beyond by starting to small efforts to stop the degradation of the environment.

Context: The College is located in Nandgaon Khandeshwar Tahsil which is one of the talukas of the Amravati district. There is lack of town planning and the area has not been modified adequately to deal with the increasing demands of the population. Due to which, the people of this village suffer from Poor sewerage, pressure on water resources, lack of greenery, discontinuous electric supply, unhygienic environment and vehicular pollution. In spite of the limited resources, the college has started the practice under the name of “**One Step towards the Mother Earth**”.

Practice: To implement the practices, Green Army Club organized Green Literacy programs to spread the message of environment protection. The following programs were set for adopting and encouraging the students to start green initiative.

- ❖ **Vanmahotsav** – was celebrated in the first week of July, the students planted some indigenous species of trees to make the campus green and beautiful. **Vruksha Dindi** is regularly organized. The main intention of the rally was to inspired the citizens of the town to grow trees and conserve it.

- ❖ **Eco-Friendly Rakshabandhan** – As we know Raksha-Bandhan is to celebrate the bond between brother and sister and environment and human have the same relationship. Keeping this concept in mind the club have made eco-friendly Rakhi's from seeds of trees like Gunj, Gulmohar, Ashoka, Bahava, apta, tamarind, neem etc. and spread the message “Make, Tie & Sow.
- ❖ **Green Gansha Rally & My Bappa** – Ganesh Chaturthi celebrations culminate in the immersion of Ganesh idol into rivers, lakes, sea or ponds. As most of idols are made from POP, toxic chemical colors. These idols are non-degradable and harmful to environment. To create awareness in and around the village to use clay Ganesha and sale the Clay idols every year, Students and teachers buy idol from the stall of green army.
- ❖ **Rain water Harvesting-** The College is recently working towards the creation of an infrastructure to facilitate rain water harvesting project. The rain water from the roof top of the building collected in one pit near the bore well which increases level of water in the ground. The green grounds around the college building allow the rain water to percolate in the soil which maintained the ground water table.
- ❖ **Eco-friendly Holi color making workshop:**
The organization of eco- friendly Holi color making workshop was planned with an intention to make aware the people about less toxic and natural alternatives of celebrating the festival of colors.
- ❖ **Seedballs making activity:**
Before the arrival of monsoon Green Army club prepared seedballs and planned to throw them around the barren areas of Nandgaon khandeshwar

city. The survival and germination chances of seeds becomes fairly high and helps in reforestation.

❖ **Energy Conservation:**

Conserving the conventional source of energy is the need of time hence Green Army club celebrates National Energy Conservation Day every year on 14th December to inculcate the idea of conserving energy and switching on to alternative sources of energy.

❖ **Save soil:**

On the occasion of National Earth Day, a video was prepared by the Green Army members to spread the message of save soil.

❖ **Safety measure workshop-Department of Chemistry:**

The department of chemistry has arranged special awareness programs on laboratory measures and disposal of chemical waste.

❖ **Vermicomposting** – This unit has been successfully established in campus and product is put on sale to teachers and students to create awareness about organic farming.

❖ **Plastic Eradication - Mitra:** Women cell had started Mitra project in 2019-20. Aim of this project is to create awareness against use of plastic bags. Students made paper bags from the newspaper and distributed in medical stores and vegetable and fruit sellers. In next step, students those who know the stitching skill had made saree bags from waste sarees and sale it to medical stores and shops.

❖ **Botanical Garden:** The department of Botany has also created a botanical garden and maintained medicinal plants. This initiative contributes to the expansion of the green campus of college and creates awareness of the medicinal plants and trees.

❖ Waste Management Campaign

The college has taken initiative to create awareness amongst the citizens to implement segregation of solid waste and hand over plastic waste for recycling and safe disposal. College has installed incineration unit on the campus for hygiene and proper sanitation.

- ❖ Cleanliness drive: The institute joins hands with the Swachh Bharat Mission Program. The college has received first prize from Nagarparishad of Nandgaon kh.
- ❖ Role in Pollution controlling -The teaching and non-teaching staff adopt the carpooling system, this in turn will reduce CO2 emission. Most of the students rely on Public Transport to reach the campus.

Such an environmental supplement program inculcates an art of environment conservation among the students and makes them aware of their relationship with nature

5. Evidence of Success: Each initiative has undertaken by the College is a small step to contribute to save the Mother Earth. As these initiatives may take time to bring about significant changes, however the success is at the doorsteps. Following are the positive changes seen in the campus:

- ❖ The ground water level increases and it is hoped that by early 2023 the project of rain water harvesting will be successfully implemented as planned.
- ❖ Vermi-composting has been successfully implemented.
- ❖ The citizens have built up the habit of waste segregations .
- ❖ Diversity of flora and Fauna has significantly improved.

- ❖ “Ecoist restoring the glory of mother Earth is the magazine published by Green Army club.

6. Problems Encountered and Resources Required

In rural area, it is difficult to educate local people about green initiatives this remains the biggest hurdle. Financial constraints remain the biggest problem for expensive green initiatives like rain water harvesting, solar panel remains.

Report on

Save Soil Campaigning

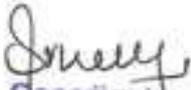

Date: 22 April 2022

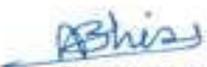

Green Army Club, Vinayak Vidnyan Mahavidyalaya, Nandgaon (Khandeswar), Dist. Amravati has organized the 'Save soil Campaigning' on the occasion of 'World Earth Day' for awareness about the soil importance and its value among the students and local people.

Healthy soils are essential for healthy plant growth, human nutrition, and water filtration. Healthy soil supports a landscape that is more resilient to the impacts of drought, flood, or fire. Soil helps to regulate the Earth's climate and stores more carbon than all of the world's forests combined, despite of, in a competition of global economic in developed and developing countries soil pollution is a major problem. In a last few decades soil pollution is a countable global problem now.

To sensitize the issue, 'Green Army Club' organized the program and released the awareness video on YouTube platform (<https://youtu.be/4aoaRL-6OUA>) created by Vinayak Vidnyan Mahavidyalaya team.

For the successes of campaigning it was a great support by Dr. Alka Bhise, Principal, Vinayak Vidnyan Mahavidyalaya. Idea and thought person of the drive was Dr. Suchita Khodke, Head Dept. of Botany and IQAC coordinator. It was a great work by technical team Dr. Gajendrasingh Pachlore, Mr. Anand Hirwale, Mr. Subodh Bansod, Dr. Swapnil Tinkhede, Mr. Ajay Ambhore, Dr. Pratibha Mahalle and Dr. Kavita Kakade. Green Army Club officials and students of the college were actively participating in drive.

Green Army Club of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar gave an Eco Friendly Twist to Celebration of Holi: Organized State Level Workshop on Making of Eco friendly Holi Colours.

Green Army Club of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar paved the way for celebrating holi in an eco-friendly manner. The clubs activity are talk of the town and everybody is talking about the clubs remarkable contribution in creating awareness towards eco-friendly activity. The executive committee of Green Army Club for the year 2021 -22 have shown a great alacrity in conducting the nature friendly activity during this session, be it Eco friendly Ganesh festival celebration or management of waste during festive seasons , the green army club has showed the way by their actual work. Last year the Green army executive committee kept up the pace of activities even

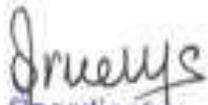

during lockdown. Many workshops were organised in an online fashion. However this year the new executive body got a fresh start and hence decided to organise the State Level Workshop for making of Holi colours in hybrid fashion with attendees offline as well as online. The registration for this workshop got an overwhelming response and participants from almost all the nooks and corners of Maharashtra participated. The Workshop was conducted by Dr Suchita Khodke, Head of the department of Botany at Vinayak Vidnyan Mahavidyalaya, She is an expert on micro greens culture and rose cultivation also. Dr Suchita Khodke got an expertise in conducting such workshops Online as well as offline. She gave a brief about why there is a need of using this natural colour as the best alternative for chemical colours

that are predominately sold in the market. She mentioned that these chemical colours could be carcinogenic (Cancer Causing) and even may have a prolonged effect on skin, eyes and the respiratory system. She discussed on how to extract the colours from the plant material and use them by simple techniques to

form natural, Zero Toxic eco-friendly Holi Colours. Dr Khodke showed the preparation of the colours using Arrowroot Powder (Starch Powder) and mixing the powder with colours obtained from rose petals, Hibiscus petals, "palash flowers". Bright and natural colours were thus prepared by utilizing the household materials. The offline participants were very happy to find the process easy and takes very little technical understanding. The workshop was blessed by Dr Alka Bhise as the President for the workshop. Dr Alka Bhise, Principal of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar attended the event online, she in her address to the participants conveyed her best wishes for the workshop. She also shared her memories of holi where chemical colours were used and the plight of removing those colours was painful and tiresome. She was very happy with the working and organisation of Green Army Club. The Motivation and reason for organising the workshop was conveyed to the participants by Organising secretary of the workshop Dr Gajendrasingh Pachlore, he categorically mentioned the cultural importance of Holi festival and use of natural colour to not only conserve the nature but also a way to respect the tradition. The event was supported by Dr Pratibha Mahalle, Head dept. of Zoology. She was Chief Guest of the event. Dr Mahalle introduced the Resource Person Dr Suchita Khodke to the Participants. Ms. Pratiksha Shahde, President of Green Army Club was also present on the dais along with other dignitaries, she along with the other member of Green Army looked after the successful conduction of the event. The event was also supported by Mr. Subodh Bansod, Asst. Professor Dept. of Zoology, Mr Shilanad Hiwrale, Asst. Professor Dept. Of Botany, Dr Swapnil Tinkhede, Asst. Professor Dept. of Zoology and Mr Ajay Ambhore, Asst. Professor, Dept. of Physics. The event was anchored by Sakshi Inzalkar and the vote of thanks was delivered by Shreya Dhoke Both studying in S.Y.B.Sc.

Guidance lecture on "Household waste management is my responsibility" 07/02/2022

Report on Solid Waste Management Program

Waste management is important for the proper disposal of the waste. In our daily life we produce many unwanted things called it as waste, such as Vegetable remains, plastic wrappers of chips, chocolates, biscuits etc. Therefore

There are 2 types of wastes i.e. Degradable and nondegradable. Generally people in our society throw away the household waste in various public

places. Due to this public places becomes dirty places. There for Segregation of waste is important for proper waste management. Green army club plays an important role in creating awareness about waste management. Due to this green army club of vinayak vidnyan Mahavidyalaya has arranged one day program on solid waste management in YES High School on 7th February 2022.

We have presented a demonstration of segregation of solid waste into 3 colored dustbins such as Red, Blue & Green for E-waste, Dry Waste & Wet Waste respectively. We have communicated to the students. We have promoted the students to start the segregation of solid waste into biodegradable and non biodegradable waste. Use of different dustbins for different waste suggested to the students. The harmful E-waste such as electronic and electric spare parts of mobile, computer, charger, keypad, T.V radio, Plastic etc. is collected and given to

Kabadiwala for recycle. The wet & dry waste is collected and utilized for the formation of compost fertilizer. These steps help to reduce the waste from society.

Objective of the Solid Waste Management-

- 1) To aware the students about Solid Waste.
- 2) To aware the students about proper segregation of solid waste.
- 3) To create importance of Reduce, Recycle, Reuse and Refuse of solid waste among the students.
- 4) To aware about the management of solid waste.
- 5) To create awareness in the students about production of compost from solid waste.

Activity-

- 1) Program on awareness on solid waste management in area.
- 2) Program on how to create:-निर्माळ्य पासून षतनिर्मिती.
- 3) Home to home demo on solid waste management.
- 4) Students have started the segregation of waste in their homes.

All the members of green army club actively participated and created awareness among the students of YES high school.

MY BAPPA

"My BAAPA" eco-friendly way to welcome Ganesh this festive season.

Department of Zoology and GREEN ARMY CLUB of Vinayak Vidnyan Mahavidyalaya, Nandgaon(kh) Joined Hands with Wildlife and Environmental Conservation Society for eco friendly ganesh utsav.

India is known for its vivid festivals and rituals that are followed during these festivals. It's exciting to see people gathering and coming together to celebrate various festivals but while doing this one must also realise that this power of togetherness can be used for the betterment of planet earth and also in restoring the beauty of mother nature. One such festival of great importance is Ganesh Utsav. The arrival of Ganapati is celebrated in all the household, but it has been observed that after the 10 days of celebration is over the Plaster Of Paris (POP) idols are half immersed in local ponds and water bodies. These idols along with the bunch of offerings becomes the part of water pollution now. Although the local governing body every year makes an arrangement to reduce this pollution but ever-increasing sale of POP idols of Ganapati has made the situations worsening. To tackle this deteriorating situation GREEN ARMY CLUB of Vinayak Vidnyan Mahavidyalaya, Nandgaon (kh) Along with Wild life Environment Conservation Society, Amravati has intaited the promotion of selling Ganapati idols made out of clay and not POP. The WECS, Amravati is a pioneer organisation and have been spreading awareness in this field from many years. Department of Zoology, of Vinayak Vidnyan Mahavidyalaya, Nandgaon(kh) have signed MoU with WECS and have actively participated in many nature friendly activities along with WECS. This year department of Zoology extended the work of WECS of spreading awareness towards clay idol instead of POP in the town of Nandgaon (kh). The Department of Zoology successfully sold more than 100 clay idol of Ganapati bappa at Nandgaon(kh). The activity was carried out in association with GREEN ARMY CLUB club of Vinayak Vidnyan Mahavidyalaya, Nandgaon (kh). It was found that POP does not dissolve quickly and takes months and some time years to get completely dissolve. This half immersed idol blocks the passage of flow of water and hence the clogging of rives and water bodies takes place. Apart from the clogging of river mouths, the colors that are used in painting the idol are also very toxic and are source of heavy metal pollution. The best remedy to this problem is that everyone must resort to clay idol and must use minimum or no plastic decorative items. The movement started by department of Zoology will definetly gain a momentum in next year. The event was supported by all the Members of WECS specially the president of WECS Dr Anjali Deshmukh, Secretary Dr Jayant Wadatkar were great support during the organisation of the event. The event was also hugely appreciated by IQAC coordinator Dr Suchita Khodke and Principal of Vinayak Vidnyan Mahavidyalaya, Nandgaon (kh) Dr Aika Bhise. Members of the organising commitie Dr Gajendrasingh Pachlore, Mr Shilanad Hiwarale, and Mr Subodh Bansod took efforts to make the event a grand Success.

We Are the Part of Solution: Green Army Club Celebrates World Environment Day

World Environment Day which is celebrated every year on 5th June, remains a big day for all nature lovers. The Pandemic of this year have made it more special because the message which was consistently conveyed by environmental activist for conservation of nature and prevention of unprecedented use of resources was this time conveyed by Nature itself. The lack of availability of oxygen cylinder have taught all the ignorant mind the power and greatness of the Mother Nature. It was witnessed that many realised the importance of tree and tree plantation. Among many organisation that are working in creating awareness in nature conservation, Green Army Club of Vinayak Vidnyan Mahavidyalaya, Nandgaon (kh) stands tall because of its many year of consistent work in spreading the word of wisdom to conserve nature. The students of Vinayak Vidnyan Mahavidyalaya proactively took this task of creating awareness in rural area, they conduct workshops, Rallies and even talks are organise to spread the word of conservation.

This year owing to pandemic the talk and awareness campaign are restricted but have never stopped and whenever the time and circumstance permit the members of green army club never misses the opportunity. The Green Talk of Shri Yadav Tarte Patil was hence organised to motivate the citizens towards planting the trees and creating a green environment in rural and Urban area. Also this year the green army club organised "Bijaropan" Competition. Here the participates are expected to collect wild seeds and plant them, they will be judged after one month when the seed germinate

Dr Alka Bhise, Principal of Vinayak Vidnyan Mahavidyalaya, was president of the event. She in her preedential address categorically mentioned that humans are Trustees of the earth and not the owner and hence it's our prime duty to take care of mother earth instead the humans were found to be determined to destroy the earth, however the pandemic has taught them a lesson. She also congratulate the new executive councils and Executive members of Green army club whose installation ceremony also took place on the occasion of world Environmental Day. The New Council and Members of Green Army Club was Announced by IQAC Co-Ordinator Dr Suchita Khodke. She also mentioned that green Army Club has been playing a key role in changing the outlook of people towards the nature conservation. The Newly Appointed members of Green Army club were congratulated by Speaker of the event Shri Yadav Tarte Patil, he in his address on the topic "Role of Youth in Nature Conservation" Appreciated the idea of Green Army Club and Also Appreciated the works of the club. He shared his experience of Wild encounters and suggested few good steps to reduce the undue uses of the resources. He motivated the youth to take active participation in conservation activity, as he believes that revolution can be brought by the youth. He also shared few memories of his which were influencing and inspiring. The eminent speaker of the event was introduced by Dr Pratibha Mahalle, Head Department of Zoology. The complete event was coordinated by Convener Mr Shilanand Hiwrale and Co Convener Dr Swapnil Tinkhede. The event was concluded by the vote of Thanks by Mr Subodh Bansod Assistant professor Dept. of Zoology.

Vinayak Vidnyan Mahavidyalaya organize I Restore Our Earth Competition

On the occasion of World Earth Day, Green Army Club and IQAC of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar, jointly organize Intercollegiate

Competition on "I Restore Our Earth". As we know that human kind have selfishly manipulated the Earth resources. Due to which our mother Earth and our health both are in danger. Hence there is need to restore our earth. So keeping this view in mind, our college is going to organize this competition for students. Because the students are the main source of sustainable future will shoulder the responsibilities and make aware the society about the consequences of the Environment. In this competition students should have to share their innovative idea not more than 500 words, on the burning issues such as eradication of plastic, greenhouse gases, pollutants of water and air, to avoid excessive usage of electricity. Ideas must be innovative. Students can also use picture and any art to illustrate their thoughts. First three excellent ideas will be awarded by cash prizes and certificate. For further details contact with Dr. Gajendrasingh Pachlore (9422957763), convener of the competition and Dr. Suchita Khodke (9823165900) IQAC co coordinator of the college. The organizer urge to student's for participate in this. Competition and share their innovative idea before 25th April 2021 to restore our earth. Registration Link for students to register their name for the competition and upload their thought's in PDF format up to 25th April 2021.

Green Army Club of Vinayak Vidnyan Mahavidyalaya, Celebrated “National Energy Conservation Day”

Every year 14th December is celebrated as “National Energy Conservation Day” Throughout India. The idea behind the celebration is that people should be made aware towards conservation of energy like electricity and non-renewable energy resources. Vinayak Vidnyan Mahavidyalaya, Nandgaon (kh) took

an initiative to spread the awareness campaign into the rural areas where resides the rest of India that includes farmers too. The college has always made it a point that the rural students of surrounding villages must

get an encouragement and enlighten from various programs that college conducts. On the same line

of action recently the green army Club celebrated the “National Energy Conservation Day” by organising drawing competition for the students of UG and PG classes. Rules of the competition were

laid down for the participants that would encourage them to come up with an innovative and original idea by painting their thoughts on canvas. Entries were called upon through the Google form because of college not being open to the students. There was huge response from various colleges and we received more than hundred entries out of which three winner and one consolation prize was selected. The entire event was supported

by the principal of the college Dr Alka Bhise, she motivated the members of the committee to organise the event. Dr Suchita Khodke, IQAC Coordinator suggested for the drawing competition to be organised as it gave an opportunity for the participants to paint their thoughts on canvas. The members of the Green Army Club, took efforts in organising the event .Prof Shilanad Hiwrale, Dr Gajendrasingh Pachlore took the follow up from all the participants and made the program a great success. The judging of the entries were carried out by few professional artist from Amravati, and final result were given. Ms Nandini Kanse of B.Sc Maths Group, from Vinayak Vidnyan Mahavidyalaya grabed the first prize , Ms Kiran Kamble stood second , while the third peize was given to LOKesh marotkar. REPORT-ONLINE SLOGAN COMPETITION

Green Army club of Vinayak Vidnyan Mahavidyalaya, made it a point to keep the students engage and positive during the pandemic situation. The march 21 was declared complete lockdown by Govt. of India and college students were confused and depressed over the situation. To keep the moral high and also to keep the students busy with the changing scenario Green army decided to conduct a competition to celebrate the World Earth day. Every year on 22nd of April, world earth day is celebrated throughout. The idea behind the celebration is to remind the occupants of the earth that we need to take care of our planet before its too late. The green army thus plan to have a unique Slogan competition. In this the participants were requested to register online via goggle form and also were requested to enter unique Slogan to showcase the need of safe guarding the planet earth. We received more than 95 entries from adjoin colleges and three best entries were adjudged to be winner. The green army tried best to distribute the certificate through the online system. We were very new to the online system but we managed to do our best. The competition was appreciated by all the participants and they also like the conduction of the competition in an online fashion. Dr Suchita Khodke, Coordinator of Green Army Club took efforts for smooth conduction of the online event. Dr Gajendrasingh Pachlore, handled the technical part. While members of Green army club Dr Pratibha Mahalle, Dr Swapnil Tinkhede, Mr Subodh Bansod and Mr Shilanad Hiwrale also contributed in the success of the event.

Activity Report

ECO FRIENDLY RAKSHABANDHAN

On occasion of the Rakshabandhan the National Service Scheme of Vinsyak Vidnyan Mahavidyalaya Nandgaon Kh in collaboration with Green Army Club had organized Eco-friendly Rakhi preparation workshop. Rakshabandhan is one of the most important Hindu festivals. The sister ties Rakhi to her brother on this day and wishes his auspicious long life. Similarly, the responsibility of protecting the sister is about the brother.

On this holy occasion of Rakshabandhan, the students prepared beautiful Rakhis from the seeds of various trees. Students have prepared more than 100 Rakhis of different sizes in this workshop. The purpose behind creating these eco-friendly Rakhi is that like the relationship between brother and sister is unbreakable, so is the relationship between nature and human being. So everyone should protect the environment and help to maintain the balance of the environment.

Prof. Dr. Suchita Khodke, Head of Botany Department has guided the National Service Scheme Assistant Program Officer Professor. More than 58 students have participated in this workshop. Dr. Alka Bhise, Principal praised the students and congratulated them. Also Prof. Kothekar, Prof. Chikhlikar, Prof. Deshmukh, also took special effort.

The chief guest Shri. Parve Saheb (Thanedar Nandgaon Kh. Police Station) explain students about the importance of eco-friendly Rakhi. He also appreciate this initiative taken. Ms. Nikita Chavat, Mrs. Sonali Dait, Ms. Pratiksha Tivade, Ms. Saksha, Ms. Pratiksha Verhukar, Aniket Shirke, Gopal Tupatkar, Nikhil Shelke have worked hard for the success of this program.

Environment day Workshop on Making Seed Balls 05/07/2018

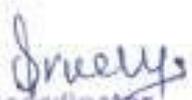

Vinayak Vidnyan Mahavidyalaya, Nandgaon Kh.

Vinayak Vidnyan Mahavidyalaya, Nandgaon Kh.

Report

Green Army Club of Vinayak Vidnyan Mahavidyalaya, recently conducted a workshop on seed Ball making. This seed balls which are prepared during the workshop will be used later during monsoon for plantation. The use of seed ball in plant propagation was documented on you tube and whats app videos. The executive members of Green Army Club hence suggested to try this innovative way of plantation along with regular way of planting the sapling. The members of green Army Club thus planned and executed the complete event with students only conducting the workshop. Ms Maheshwari Charpe and Dipali Kale Conducted the workshop and studnets prepared the seed ball. The seeds were collected from studnets in advance and a mixture of dried Cow Dung, Soil, and Compost was made into thick paste so that the a ball shap can be given. The seed was completely cover with this mixture and a handy ball was made. The seeds baal thus prepared were dries and ket ready for maonsoon. Soon after the arrival of monsoon the seed ball were planned to throw around the barren areas around Nandgaon (kh) city. The idea is that the seed will survive from preadators and fair chances are that the seed could germinate in the barren area an thus could facilitate the process of Re-Forestration. The students participated enthusiastically in the workshop and nearly 200 plus seed ball were prepared. Dr Suchita Khodke, Coordinator of Green Army Club supervised the event. Mr Kothekar, faulty of zoology also helped in the succesfull conduction of the event.

Green Ganesha Rally

Every year, Ganesha Chaturthi celebrations culminate in the immersion of Ganesha idols into the sea, rivers, lakes or ponds. As most idols are made from Plaster of Paris and toxic, non-biodegradable chemical colours, the immersion ends up causing considerable harm to marine life. In a bid to reduce the environmental damage, Green Army Club of Vinayak Science College, Nandgaon organized GREEN GANESHA RALLY on 19 August 2017. The rally was inaugurated by the hands of Tahsildar of Nandgaon (kh.) Shri Lonarkarsaheb in presence of Principal of college Dr. W.K. Pokale, BDO, Convener Dr. Khodke, N.S.S. officer Shri Joshi were presented on this occasion.

The rally began from the Tahsil campus through Budwara chowk, till bus stand. It was a silent rally where the students had prepared slogans which said "Clay Ganesha brings gain by not causing environment pain", "We are born to help the world and not destroy it." and "Go Eco-Friendly this Ganesh Chaturthi.". The posters carried out message like SAVA LAKES, USE PLAIN CLAY GANESHA, DEVOTION IS IMPORTANT NOT DECORATION. The idea behind this rally is to create awareness in and around the college to use Ganeshas without any chemicals and to use Clay Ganeshas. We want to create awareness regarding the chemical hazards it causes in the environment. Throwing away garlands, plate cups and leaves in the river is also one way that they are disrespecting the festival and God and environment" says Dr. Sochita Khodke, incharge of green army club. At every square students played the act which was based on the theme of eco-friendly Ganesha. Students distributed pamphlets with guidelines about how the society can go eco friendly this Ganesh Chaturthi. Some of the guidelines were:-

1. To use small Ganesha idol made out of clay.
2. Do not immerse idols in well, lakes or river, because it affects the underground drinking water. Instead immerse idols in either tank, mobile immersion tanks or at designated places.
3. Do not burst cracker, the smoke pollutes the environment.
4. Do not throw Garland, cups and plates in the river, use garbage carrying vehicles to dispose of them.

VinayakVidnyanMahavidyalaya, NandgaonKh.

ECO-FRIENDLY RAKHI MAKING WORKSHOP

Taking concept of **ECO-FRIENDLY RAKHIS** a step forward, "GREEN ARMY CLUB of Vinayak Science College, Nandgaon (Kh.) organized one day workshop on Making Rakhi from seeds on 8 August 2017. Rakshabandhan has been part of the Indian culture in some way or form, for centuries. Traditionally it's a ceremony observed to celebrate the bond between a brother and a sister. The 'thread' i.e. Rakhi, signifies protection and love between the individuals giving and receiving it. Likewise brother and sister, the environment and human being have the same relationship. Environment protects us from various ways but human being for their requirement destroy it roudly. Looking forward to this occasion, members of Green Army Club made biodegradable and eco-friendly rakhis from seeds of trees like subabool, red and white gunj', castor, gulmohar, khaya', ashoka, bahava', parkinsonia, ajata', babbul' and tamarind, among others.

WORLD EARTH DAY

AT NANNIDGAON KHANDESHWAR, DIST. AMRAYATI

22ND APRIL 2022

The NCC Unit of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar, Dist. Amravati (Sub-Unit of Shri Shivaji Science College, Amravati) affiliated to 3 Maharashtra Signal Company NCC, Amravati observed Earth Day on 22nd April, 2022. Principal Dr. Alka A. Bhise, the resource person delivered a speech on "Invest in our Planet," a universal topic chosen for the Earth Day, 2022. She addressed the importance of protecting our planet earth, elaborating on the harmful effects of plastic usage, and the advantages of using renewable resources. She also discussed the duties that each of us can perform on the grounds of energy and fuel consumption for sustainability, encouraging the attendees to promote cycling and carpooling. She further expounded upon the issues of proper waste disposal and the advantages of having a proper drainage system, explaining how every individual has a part to play in the process of bringing about a positive change.

IQAC Coordinator Dr. Suchita P. Khodke also enlightened the cadets and other participants on how Earth Day has been observed for over 50 years around the world, further accentuating on the issues of climate change and increasing pollutants. He motivated the students to know their place and be active participants in college activities, emphasizing on how our little actions can transform into a great deed collectively.

NCC Coordinator Dr. Prashant B. Kharat thanked the resource person for their valuable input and continued briefly about the reason behind the celebration of Earth Day. The function ended with a vote of thanks from CDT. Vaibhav Dhaude, NCC Cadet, GSC, Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar, Dist. Amravati. In this program, college principal Dr. Alka A. Bhise, IQAC Coordinator Dr. Suchita P. Khodke, NCC Coordinator Dr. Prashant B. Kharat, teaching and non-teaching staff, NCC cadets and college students were present.

TREE PLANTATION

AT NANNDGAON KHANDESHWAR, DIST. AMRAVATI

05TH OCTOBER 2021

On 05th October 2021, Over 150 saplings were planted by the NCC unit of Vinayak Vidnyan Mahavidyalaya, Nandgaon Khandeshwar, Dist. Amravati (Sub-Unit of Shri Shivaji Science College, Amravati) affiliated to 3 Maharashtra Signal Company NCC, Amravati, during the tree planting programme in the Nandgaon Khandeshwar tehsil. The plantation effort seeks to boost our nation's green cover, combat the threat of global warming, and improve the environment for the next generation. The NCC cadets gladly took part in the plantation drive despite the lockdown brought on by the COVID-19 outbreak. Even in their backyards, NCC cadets planted seedlings, showing that their spirit was unbowed. In this program, college principal Dr. Alka A. Bhise, IQAC Coordinator Dr. Suchita P. Khodke, NCC Coordinator Dr. Prashant B. Kharat, teaching and non-teaching staff, NCC cadets and college students were present.

Report on Microgreens: A beginning towards the healthy nutrition

During COVID-19 pandemic everyone stayed at home and avoided social gatherings. Besides the fear of infection, psychologists observed a negative impact on the mental health of people during this period of social isolation.

During this period, people became aware of importance of healthy diet and regular physical activity. So as the grocery shops and vegetable markets were closed down or open for a limited period of time people had to stay inside their homes. It was very difficult for them to go to the grocery store and vegetables shops and in an attempt to minimize exposure to the virus, people are reduced the frequency of visiting these places to buy the most fresh veggies. So People became interested in growing kitchen gardens for their own fresh vegetables.

Considering the need of the hour, Amravati Garden club Amravati in collaboration with Vinayak Vidnyan Mahavidyalaya had taken initiative to organize one day online workshop on Microgreens on 6th September 2020. In this workshop Dr. Suchita Khodke Head department of Botany was a resource person. She had given the detail information about the microgreens. Her presentation was divided in two sessions.

In the first session, she gave detailed information of Microgreens, what are microgreens, their different types, methods of cultivating them along with their nutritive values. In the second session, she demonstrated, all about how to grow them at home and caring of microgreens. After her demonstration a session of question and answers was conducted by President Dr. Dinesh Khedkar President Amravati Garden club Amravati. Students and garden lovers expressed their views about workshop and most of them curiously asked their queries got

solutions from her. They were very happy and had given the promise that they would definitely grow microgreens at their homes. The programme was anchored by Dr. Monali Ghurde and vote of thanks was given by Dr. Ganesh Hedawoo.

Report of Activity

During the early part of the rainy season, the garden is revitalized and regular gardeners rush for fertilizer, soil, changing pots, bringing in new seedlings and so on. Currently, all the common people have developed the hobby of gardening, which is considered as the most enjoyable hobby. So, in the hard time of COVID-19 also we can never restrict the flowering of nature, and therefore, this year, Shevanti planting and rearing workshop was organized online with the message of overcoming the difficult times of struggle and the energy of green nature.

In the city of Amravati every year only for Chrysanthemum, late M. M. Shah Memorial Shevanti Flower Exhibition and Competition is organized by the Garden Club and is visited by a large number of citizens. The red, yellow, purple and white flower trays on display captivate everyone and many people ask what to do to make the Shevanti bloom in their homes. Due to its beauty, color scheme and variety, the flower which is at the forefront of the flower arrangement all over the world. Growing "Shevanti" has a unique technology of when and how to cultivate it. Shevanti planting workshops are organized by the Garden Club for the citizens every year and the number of Shevanti planters is increasing day by day by adopting this technology. Many plant lovers are still demanding to organize such workshop. As Amravati Garden Club has its unique identity in well planned and executed organization. Even though there is restriction for offline workshop the Amravati Garden Club has taken initiative for conducting it on Virtual Platform. The workshop was held on Sunday, 2nd August 2020 from 2 to 5 pm. In the first session of this workshop, Dr. Rekha Maggirwar, Secretary, Amravati Garden Club has given detail information through Power Point presentation and in the second session Shri. Subhash Bhave, Vice President, Amravati Garden Club and Shri. Anil Bhode, Honorary Executive Member and Shevanti Cup Emperor have guided the participants with the demonstration.

The training was imparted with the help of ZOOM MEETING and also broadcasted live on the Garden Club website (www.agca.webx.in).

Report of Basic Gardening Techniques

A three days online workshop was organized by Amravati Gardn club,Amravati in collaboration with Vinayak Vidnyan mahavidyalaya, Nandgaon kh., shri shivaji science college Amt,shri shivaji horticulture college Amt , G.S.tompe college Chandurbazar, Rajarshri shahu science college, Chandur Railway and Kiran nursery,Amt from 29th to 31st May 2020 at 5- to 6.30 pm. The main objective of the workshop was to provide basic knowledge of gardening to plant lovers.Because there were lot of complaints from the people that the plants which they bought from nursery were fresh and healthy. But after they brought them home they look dull and less healthy. So they didn't understand what were the reasons behind it.

Keeping thisproblem of the garden lovers in mind, this workshop was arranged to share the effective gardening techniques by the experts, about how to prepare soil for different plants and potting and repotting of the paluts. The workshop was inagurated by the hands of Dr.Dinesh Khedkarpresident of the club. In the first session of this workshp,Dr. Sachita khodke Head department of Botany ,Vinayak Vidnyan Mahavidyalaya, Nandgaon kh.was the resourcse person and she delivered the techniques gardening throughpower point presentation. In her presentation she throughly described the different soil types and their suitability accroding to the type of plants. She also gave guidance how to prepare soil mixture. After her presentation the practical session was done at Kiran Nursey where Mr.Subhash Bhave gave the live demonstration of the soil types, potting media etc.

On the second day, Shri Nilesh Phutane, gave detailed information about how plants be potted in a pot and their repotting techniques. In the second part Dr. Sheetal Chitode gave

practical session of potting and re-potting techniques. All the participants were eagerly waiting for the third day in which Dr. Pachlore and Dr. Gulahane shared information on Kitchen Gardening. After the discussion the workshop was ended by vote of thanks proposed by Dr. Rekha Maggirwar, secretary amravati garden club. The technical assistant support was given by Dr. Umesh Kanharkar and Dr. Mayur Gawande.

“Report on Mushroom Cultivation Technology and Farming”

Date: 17-02-2020
Name of Activity: “One Day Regional Workshop”
Coordinators: Dr. Suchita Khodke, Mr. Shilmanand Hiwarale
Topic: “Mushroom Cultivation Technology and Farming”
Applicable students: Students of B.Sc. 1st, 2nd, 3rd (CBZ)
Duration: One Day
No. of students participants: 63

Why it is necessary?

Mushroom belongs to the group fungi are rich in chemical components which works as nutrition for the human beings. If students know the cultivation technique, students can cultivate it in small or large scale and make its production by farming. Students can make its different products and sale in the market, means mushroom cultivation gives opportunity to earn money. All this cultivation can be done in small area or small room at home. In favor of students on above subject department of botany has planned the one day regional workshop on “Mushroom Cultivation Technology and Farming”

Contents:

- 1) Introduction of Mushroom
- 2) Mushroom Cultivation Technologies
- 3) Mushroom Cultivation Protocol
- 4) Mushroom Farming
- 5) Cultivation Practice of Mushroom

BEST PRACTICE-II

AROHAN

1. Title of the Practice

AROHAN- Initiative to enhance basics.

2. Objectives of the Practice

College conducting institute level aptitude test “AROHAN” every year.

Objectives:

- To assess the slow learner and advanced learner students.
- To identify an inherent strengths and weaknesses of students and inclining the students toward success or failure in specific subjects.
- To nurture the potential of the students.

3. The Context

The main objective of education is to imbibe knowledge in the student and bringing mental development of the student. Bachelor's degree increases the prospect that will be considered by future employers for career advancement opportunities. It is palpable that a person, who is more educated, has a superior sense of responsibility. Under graduation course is completely based on the HSSC curriculum. So to nurture the potential of the student college conducts “AROHAN”-Institute level aptitude test. This test organized for only newly admitted first year students.

4. The Practice

This test is conducted on MCQ pattern. Test is based on HSSC syllabus. It is conducted for Bachelor of Science and Commerce admitted first year students on online / offline mode. Our college has science faculty with four groups and one faculty of commerce. The four groups are Chemistry-Botany-Zoology [CBZ], Physics-Chemistry-Mathematics [PCM], Physics-Computer Science-Mathematics [PCoM], Physics-Computer Science –Electronics [PCoE]. Each science group has conducted four papers.

CBZ- 1.Chemistry 2.Botany 3.Zoology

PCM- 1.Physics 2. Chemistry 3. Mathematics

Vinayak Vidnyan Mahavidyalaya Nandgaon Kh.

PCoM- 1.Physics 2.Computer Science 3. Mathematics

PCoE 1.Physics 2.Computer Science 3.Electronics

Each Question paper has 10 questions for each subject total marks for each group are 30 marks.

Teachers analyses the data regarding AROHAN examination marks of the students. Based on their analysis of performance the students are categorized into slow and advanced learners.

Criteria for Advanced learners and fast learners in each subject are as follows:

- Students who secure 50% and above marks is identified as Advanced learner.
- Students who secure below 50% marks is identified as Slow learner.
- More emphasis is given on the basic concepts of the subjects for the section of slow learners, where as advanced learners are taught with more advanced applications in the subject. The efforts emphasized for first year students, following special programs are arranged.

Advanced learners:

Special add-on programs are arranged.

Selected students are motivated and sent for different intercollegiate competition.

Slow learners:

AROHAN CLASSES in respective subject are arranged for the slow learners to help them deal with the basic concepts and applications.

The faculty gives attention to each individual student and helps him to understand and improve their academic performance.

The faculty also assesses the learning ability of the individuals.

AROHAN CLASSES are engaged by subject teachers.

Conduction Process

- categorisation of Advanced and Slow learners
- Preparation of Schedule and contents
- Analysing weakness and strength of students
- Conduction of AROHAN CLASSES
- Oral test of the students

- Test Score Report of Students
- University Examination Result

5. Evidence of Success and Resource Required

1. Data of add-on courses run by departments.
2. Data of AROHAN classes
3. Report of test of slow learners.
4. Result of students

6. Problems Encountered and Resources Required

It was difficult to connect practice learning with prior experiences for rural students. Many times, rural students lack life experiences that other students may have because of the typically isolated nature of their families and communities, which can limit their skill to fully benefit from a diverse curriculum. Our students basically are belongs to farmer family. So the problem encountered for the activity were

1. Nonexistence of awareness in parents about how to showcase the talent of their ward.
2. Counselling of parents and grant permission from them to represents their wards quality.
3. Provide financial and mental support to the students and parents during participation of students in intercollegiate competition.
4. Basic school level academic concepts were poor.
5. Less attendance for extra lectures
 - a. Due to lack of transportation.
 - b. Financial weakness
6. Understanding level was poor.
7. Lack of understanding about how to write and communicate in English.
8. Especially girls' students were unable to join any extra lecture due to housework.

Report of AROHAN CLASSES

SESSION 2021-22

AROHAN classes are organised in college to help weak students or the slow learners to improve their performance and understand the basic concepts of the subjects. Personalized attention during AROHAN classes helps the students to overcome the subject specific difficulties and improve their grades in final university examination. our college has majority of students whose socio-economic status are weak, the AROHAN classes offers them a good sustenance and attention.

OBJECTIVES:

- To clarify and revise the basic concepts of slow learners which are required in under graduate level.
- To develop the confidence of the students about the subject knowledge.

Report of AROHAN CLASSES

SESSION 2021-22

Department	Commerce
Activity	AROHAN
Duration	22.11.2021to 4.12.2021
Time	12.30 pm to 1.30 pm
INCHARGE	Dr. P. N. Tayade
No of participants slow learners	11

OBJECTIVES:

- To clarify and revise the basic concepts of slow learners which are required in under graduate level.
- To develop the confidence of the students about the subject knowledge.

Vinayak Vidnyan Mahavidyala, Nandgaon Khandeshwar Dist Amravati, Department of Commerce organized an Advanced / Slow Lerner Online Test on dated 15/11/2021 from 02.00 to 03.00 pm. For the Academic year 2021-22 total 120 students are newly admitted in B. Com part-I, Semester-I. 114 students were able to attend the test out of 120 students and remaining was unable to attend and submit the test on prescribed date. This Test will help the student to check if the previous year's concepts have become clear while entering the next class or to teach them more effectively. This Test syllabus was based on the previous as well as current year syllabus. The test was conducted Google form which consists of 40 questions where each question carries 2 marks.

For the online test those students who score more than 40 % marks i.e., 32 marks are considered as an advanced learner and those students who have score less than 30 marks are considered as slow learner. On the basis of online test, out of total 120 students 109 students are advance learner who got above 40% marks means above 32 and 11 students are slow learner who got less than 40%marks means below 32. So cumulatively out of 109 students 11

students are slow learner and 109 students are advanced learner. And remaining 11 students were admitted delayed in college. Then we have discussion with 11 students. After all discussion we have conducted exam and they were excellent score, they have advanced learners.

Department of Commerce is organised AROHAN classes in college to help weak students or the slow learners to improve their performance and understand the basic concepts of the subjects. Personalized attention during AROHAN classes helps the students to overcome the subject specific difficulties and improve their grades in final university examination. our college has majority of students whose socio-economic status are weak, the AROHAN classes offers them agood sustenance and attention.

Report of AROHAN CLASSES

SESSION 2019-20

AROHAN classes are organised in college to help weak students or the slow learners to improve their performance and understand the basic concepts of the subjects. Personalized attention during AROHAN classes helps the students to overcome the subject specific difficulties and improve their grades in final university examination. our college has majority of students whose socio-economic status are weak, the AROHAN classes offers them a good sustenance and attention.

OBJECTIVES:

- To clarify and revise the basic concepts of slow learners which are required in under graduate level.
- To develop the confidence of the students about the subject knowledge.

Report of AROHAN CLASSES

SESSION 2018-19

AROHAN classes are organised in college to help weak students or the slow learners to improve their performance and understand the basic concepts of the subjects. Personalized attention during AROHAN classes helps the students to overcome the subject specific difficulties and improve their grades in final university examination. our college has majority of students whose socio-economic status are weak, the AROHAN classes offers them a good sustenance and attention.

OBJECTIVES:

- To clarify and revise the basic concepts of slow learners which are required in under graduate level.
- To develop the confidence of the students about the subject knowledge.

Report of AROHAN CLASSES

SESSION 2018-19

Department	Commerce
Activity	AROHAN
Duration	04/09/2018 to 16/09/2018
Time	10.00 am to 11.00 am
INCHARGE	Mr. Nishant Jaiswal
No of participants slow learners	26

OBJECTIVES:

- To clarify and revise the basic concepts of slow learners which are required in under graduate level.
- To develop the confidence of the students about the subject knowledge.

Department of Commerce is organised AROHAN classes in college to help weak students or the slow learners to improve their performance and understand the basic concepts of the subjects.

Personalized attention during AROHAN classes helps the students to overcome the subject specific difficulties and improve their grades in final university examination.our college has majority of students whose socio-economic status are weak, the AROHAN classes offer them a good sustenance and attention.

Subject: Permission for conduction of AROHAN Classes- Initiative to enhance basics.

Respected Madam

All departments going to organise AROHAN classes for slow learners. Main moto of conduction of these classes is

- To clarify and revise the basic concepts of slow learners which are required in under graduate level.
- To develop the confidence of the students about the subject knowledge.

Schedule

Duration	8-8:40 am	8:40 – 9:20 am	9:20 – 10 am
10-07-2017 to 22-07-2017	PHYSICS/ BOTANY	MATHEMATICS /ZOOLOGY	CHEMISTRY /COMPUTER SCIENCE

So, we kindly request you to grant the permission for the same

Thanking You

Date: 06/7/17

Report of AROHAN CLASSES

SESSION 2017-18

AROHAN classes are organised in college to help weak students or the slow learners to improve their performance and understand the basic concepts of the subjects. Personalized attention during AROHAN classes helps the students to overcome the subject specific difficulties and improve their grades in final university examination. our college has majority of students whose socio-economic status are weak, the AROHAN classes offers them a good sustenance and attention.

OBJECTIVES:

- To clarify and revise the basic concepts of slow learners which are required in under graduate level.
- To develop the confidence of the students about the subject knowledge.

Report of AROHAN CLASSES

SESSION 2017-18

Department	Commerce
Activity	AROHAN
Duration	11/09/2017 to 21/09/2017
Time	10.00 am to 11.00 am
INCHARGE	Mr. Nishant Jaiswal
No of participants slow learners	43

OBJECTIVES:

- To clarify and revise the basic concepts of slow learners which are required in under graduate level.
- To develop the confidence of the students about the subject knowledge.

Department of Commerce is organised AROHAN classes in college to help weak students or the slow learners to improve their performance and understand the basic concepts of the subjects.

Personalized attention during AROHAN classes helps the students to overcome the subject specific difficulties and improve their grades in final university examination. our college has majority of students whose socio-economic status are weak, the AROHAN classes offers them agood sustenance and attention.
