## DISTINCTIVENESS

Education plays vital role in the life of every child whether a boy or a girl. It is very well said that if you educate a man you educate an individual however if you educate a woman you educate one family. Education is the key factor for girls' empowerment prosperity development and welfare. Discrimination of girl from warm to tom is well known. Lack of education limits further prospectus such as it decreases the family income, reduces health and well being, puts women and girls at high risk of exploitation. It was recently documented that 69% of India's population is living in rural area. Nowadays education for girls or women is the most essential thing which improves their childhood and makes economic development. Nandgaon Khandeshwar taluka has over 13-(HSSC) Junior colleges so there are approximately 1000female students who pass 12<sup>th</sup>examination every year. So our college provides science and commerce graduation facility at the nearest distance for this area. Considering the importance and keeping in view in mind the need of good quality education for rural areas our visionary president Hon'ble Mrs. Sulabha Sanjay Khodke (MLA)Amravati established Vinayak Vidnyan Mahavidyalaya at Nandgaon Khandeshwar in the year 2007. The main aim of the institute is to boost higher education in this rural area. At the initial stage this college started with 25-pioneer students and now the strength reaches to 500+. Before the establishment of our college there was only one graduation college in the faculty of arts in the peripher of the Nandgaon Khandeshwar . Our college is providing quality education in science and commerce since 2008 as per our mission / vision tagline. “विद्या दानं श्रेष्ठ दानं”.

Its our privilege thing is that number of admitted female students are more than 50% of total admissions from this backward area since from 2017.

The reason behind this is our college provides ample opportunities to develop their interest and need for knowledge. Due to education female students can develop themselves for a proactive role in effecting change in their own lives, their community and society at large. In Nandgaon Khandeshwar taluka most of the girl students get married after HSSC examination and the graph of that female student get stunted.

Female students who receive graduation degree are less likely to marry at the young age before 21years and more likely to lead healthy, productive lives. They are able to earn higher incomes, contribute in the decisions that mostly affect them and shape better future for themselves, their families, their town and ultimately the nation.

**“बालिकानां शिक्षा विकसितदेशस्य मार्गः अस्ति |”**

Our college is committed to give directions in the field of career focused quality education through its effective teaching learning.

ICT is frequently used for making learning easy. The college also reflects its broad vision through its different units such as NSS, Women Cell. Students are motivated to participate in

activities conducted by the college throughout the year like academic, co-curricular, sports, NSS, NCC, cultural etc.

## **Financial support:**

The financial support for these has been borne by the college for the female students. The aim of this scheme is to motivate the female students due to lack of which to weak financial status. Female students their progress should no get stunted. College provides financial support for uniform dresscode fees, examination. Enterprising parents in rural areas make dry food items which is Vidarbha's speciality that lasts throughout the year. In order to help them financially, the staff of the college buys them from the students and parents and also provides them .

## **Women cell :**

अद्यापही एका सहानुभूतीपूर्वक हट्टीक्रीमानास पाहिले जाते. एकटी स्त्री म्हणजे असुरक्षित असा समज स्त्रीत्ववर रुजलेला आहे. हा समज बदलवून टाकण्याचा पाहिजे. असे आवाहन अॅड. प्राजक्ता रमेश राऊत यांनी रव. प्रविण प्रौढके खाणिज्य व विज्ञान महाविद्यालयात आयोजित महिला सुरक्षा निमित्ताने व्हावीक्रमामध्ये केले.

आपल्या भावण्यात अॅड. प्राजक्ता राऊत पुढे म्हणाल्या की, महिलांनी तुमच्या हातून असे कसूतच घडवा की तुमच्या पालकांना, मुलांकना गव वाडवा पाहिजे. तुम्हीच तुमचे अवयुष्य घडवू शकता अशी विषयवृद्धी शकता. कधीही कुणावर अंधश्रद्धा विस्थापन ठेवू नका. आज विस्थापन विस्थापनात करू नका. स्वतःच करावला शिवा, तुम्हीच तुमच्या रक्षणकर्त्या व्हा असे प्रतिपादन ही स्वामींनी केले. कार्यक्रमाचे प्रास्ताविक प्रा. डॉ. सुचिता खोडके यांनी केले.

**SUB :** DHEERA - Violence Against Women (VAW) initiative  
by Dr S Shantha Kumari - President, FOGSI

Respected Sir / Madam,

Violence Against Women and girls is a violation of their rights and dignity and a life without discrimination. Women bear the burden of unpaid productive work, single handedly responsible for raising future generations, yet are subjected to VAW leading to several health issues as well. Urgent, definitive, concrete, and systematic steps need to be taken for addressing and preventing violence against women and girls.

My Presidential year's flagship program "DHEERA" in partnership with UNICEF is all set to be launched shortly. DHEERA is aimed at addressing causes, risk factors and way forward through a national program where we will be orienting and training boys, girls, schoolteachers and FOGSI members on aspects related to preventing violence against women and girls and bringing about a shift in the broader societal outlook. We are delighted to invite yourself, and your society members to join this national program.

Thanking you,

Best Regards;

**FINAL DHEERA TRAINING FOR SCHOOL STUDENTS**  
Description  
FINAL DHEERA TRAINING FOR SCHOOL STUDENTS  
Time  
Mar 14, 2022 02:00 PM  
Online session was conducted on ZOOM platform.

**Session-1**  
**Speaker: Dr. Meenal Deshmukh, PRESIDENT, OBGY SOCIETY, AMRAVATI**  
Dr. Deshmukh had delivered guidance on Introduction about DHEERA.

No To Violence Against Women—to stop VAW is a responsibility of each one of us. When I had become a member of FIGO working group on No to Violence Against Women in 2016, I initiated DHEERA, a campaign to stop violence against women. My theme as President FOGSI is “FOGSI FOR ALL ALWAYS,” and “DHEERA—STOP VIOLENCE IN WOMEN” aiming to reach SDG-5. Violence against women is perhaps the most disgraceful human rights violation and probably the most prevalent one, and it is sad that the incidence has increased in this COVID pandemic. Nearly 38% of Indian women face violence in the hands of their partners. What we identify is only the tip of the iceberg with many more going undetected. It knows no boundaries of geography, culture or wealth. It is the root cause of maternal morbidity, reproductive coercion, poor physical, emotional and psychological health of women.

**PLEDGE:**  
I will stop the violence, I will protest the inequality, I will build for justice. I promise to never commit, condone, or remain silent about domestic violence, sexual assault, child abuse or other forms of violence against women, men and children.

**Session-2**  
**Speaker: Dr. Anita Bobade, JOINT SECRETARY, OBGY SOCIETY, AMRAVATI**  
**About VAW**  
The term violence against women means any act of gender-based violence that results in, or is likely to result in, physical, sexual or psychological harm or suffering to women, including threats of such acts, coercion or arbitrary deprivation of liberty, whether occurring in public or private life.

Violence against women does not mean only physical violence. It is much broader and includes sexual, emotional, psychological and financial abuse. The National Plan targets two main types of violence against women – domestic and family violence, and sexual assault.

**Types of violence against women**

- Domestic violence.
- Family violence.
- Sexual violence and harassment.
- Non-physical forms of abuse.

Violence against women affects women everywhere. It impacts women's health, hampers their ability to participate fully in society, affects their enjoyment of sexual and reproductive health and rights, and is a source of tremendous physical and psychological suffering for both women and their families.

**Session-3**  
**Speaker: Dr. Shalaka Bari, SECRETARY, OBGY SOCIETY, AMRAVATI**  
**About laws against VAW**  
She had explained an example that Sexual assault or sexual violence can include rape, sexual assault with implements, being forced to watch or engage in pornography, enforced prostitution, and being made to have sex with friends of the perpetrator.

**WOMEN-SPECIFIC LEGISLATION**

- The Immoral Traffic (Prevention) Act, 1956
- The Dowry Prohibition Act, 1961 (28 of 1961) (Amended in 1986)
- The Commission of Sati (Prevention) Act, 1987 (3 of 1988)
- Protection of Women from Domestic Violence Act, 2005
- The Sexual Harassment of Women at Workplace (PREVENTION, PROHIBITION and REDRESSAL) Act, 2013
- The Criminal Law (Amendment) Act, 2013

Dr Kavita Kakade proposed vote of thanks.

## महिलांसाठी आत्मरक्षणाचे धडे नांदगावच्या विनायक विज्ञान महाविद्यालयाचा उपक्रम

नांदगावखंडेश्वर , ता. ८ : महिलांवरील वाढते अत्याचार, हल्ल्याच्या घटना पाहता महिलांना स्वतःचे संरक्षण करता यावे, यासाठी विनायक विज्ञान महाविद्यालय नांदगावखंडेश्वर येथे महिला दक्षता समिती तसेच झांशी राणी महिला फाउंडेशनच्या संयुक्त विद्यमाने आत्मसंरक्षण प्रशिक्षण शिबिराचे आयोजन करण्यात आले आहे. रविवारी (ता. आठ) जागतिक महिलादिनाचे औचित्य साधून या शिबिराचे उद्घाटन करण्यात आले.

**Workshop on Cashless Transaction**

**Date: 09-10-2021**

**Jagar Stri-Shakticha – 2021 during 07<sup>th</sup> Oct. to 15<sup>th</sup> Oct. 2021.**

Coordinator: Dr. Pratibha Mahalle, Assistant Professor, Department of Zoology  
Vinayak Vidnyan Mahavidyalaya, Nandgaon Kh.

Guest speaker: Dr. Nita Honrao, Head Department of Commerce and Management,  
Brijlal Biyani College, Amravati.

About cashless transaction:

India's road to digitalization has been deferred until 2016. Regardless of the availability of several other alternatives besides cash, the inclination was on the latter. But after the initiation of demonetization, the Indian economy has additionally pushed the need for a cashless economy and digital modes of payment. Cashless economy is an economic system in which transactions are not done predominantly in exchange for actual cash. It does not refer to an outright absence of cash transactions in the economy but the circulation of physical currency is minimal in cashless economy. Cashless transactions are way of making payments without physical cash but by e wallets, UPI system, credit card and debit card, internet banking, mobile banking etc. A cashless payment is a behavioral change in the people where people eliminate the usage of money as a medium of exchange.

In India most of the people are heavily dependent on cash economy. Various non cash payment modes have been encouraged and happening but the dominance of cash still exists. The country being a cash rich country has still a long way to attain a cashless system and welcome it into reality. But since the outbreak of novel corona virus and former

demonetization process people have shifted towards a cashless economy. This has brought significant changes in the behaviour of consumer.

In the context of the above ,on the occasion of Navaratri Women Cell organized a guidance lecture for students and Bachat Gat Mahila on Cashless Transaction by Dr. Nita Honrao, Head Department of Commerce and Management, Brijlal Biyani College, Amravati. Total 74 participants are present for this program. Mrs Seema jadhao was the guest of honour in this program.

The introduction of guest was given by Dr. Priti Deshmukh Assistant Professor, Department of Mathematics.

At first she explained cashless India is a great thought and helps our country to be developed like other countries. But there are many things needed to fulfill this. The infrastructure of the banks and the ATMs are needed. Promotion of electronic delivery of services of health, education, financial, justice, legal enforcement, and agriculture needs to be discussed and known in every part of the country.

Dr. Nita Mam explained digital transaction is our need and how to use cashless transaction step by step. In corona pandemic situation we need to use cashless transaction. Digital transaction are to reduce the costs and risk of handling cash. It is online or automated transaction, includes swiping a debit card at a store.

In presidential address Dr. Alka Bhise Mam told about online / digital transaction is important in our life and use properly it without any fail.

At the end of the program Dr. Priti Deshmukh offered vote of thanks.

The program was moderated by Dr. Pratibha Mahalle, Assistant Professor, Department of Zoology.

## Context

Today, Henna is mainly used in celebration of special occasions such as weddings and birthdays in the joyous gathering of people. The Henna paste symbolizes good health and prosperity in marriage, and in some cultures, the darker the henna stain, the deeper the love between two individuals. Now Mehendi designing is widely recognized as a creative profession. In a fast moving world, everyone chooses to become a top notch well known professionalist. However, people forget what their passion is and go with the flow to become something that their parents impose on them. A new career that has started gaining grip these days is to start a Mehendi business. Students can now make their career as a Mehendi artist and become successful by earning of money. This is probably among the best career options for girls after degree if they like making Mehendi designs. as Mehendi designing skills are taught easily and at low cost. Apart from students regular academic activities, if self employment skills like Mehendi designing are taught and trained for girls, they would become self sustained to attain self lively hood in future. Hence it is proposed to organize this course in our institute.

## Report

Session 2019-20

Guest lecture by Dr Rashmi Kahar on Adolescent: Problems Counselling and Guidance

Date: 30-09-2019

No. of participants:113

Place: Nandgaon Khandeshwar

Woman Cell of Vinayak Vidnyan Mahavidyalaya Nandgaon Khandeshwar organized a guest lecture on Adolescent: Counselling and Guidance by Dr Rashmi Kahar for girls students on 30<sup>th</sup> September 2019.

President of this program was Dr. Alka Bhise, Principal. At first the guest was florally welcome by Dr. Alka Bhise, Principal. President of this program was florally welcome by Dr. Suchita Khodke, Incharge of Women Cell.

The session was started with the introductory speech by Dr. Suchita Khodke.

She said about the aim of this program is to aware the girls student about their adolescence problems and educate them how to overcome these problems.

She started her guidance with the information of adolescent group. She said that adolescent group comprises of people between the ages of 10 to 19 years (WHO). The multidimensional development during adolescence presents a number of challenges to them. Adolescents are under pressure to meet the academic expectations of teachers, parents and self. A higher achievement is valued in the society, which puts pressure on students. Experience suggests that adolescents are at greater risk of getting into trouble if their parents are not clear about what to tell them, while concentrating on academic performance among the adolescence. Parents often are not prepared to deal with the challenge that their adolescent is learning to hold her and his reins. Most parents ignore the psychological needs of their adolescents which in turn will affect their mental health.

Her experience suggested that adolescents are at greater risk of getting into trouble if their parents are not clear about what to tell them. Although most adolescents are not happy when parents tell them what to do or not do, they understand and believe that parents are care about them. Adolescents communicate with peers much more closely than parents, teachers and others with whom they communicate only what is necessary. The nature and type of communications adolescents have with their peers, teachers and parents affect their overall behaviour and wellbeing. Parents need to be more consultative and extend their communications to cover diverse topics of interest to adolescents beyond academics and discipline.

In next she said about the girls menstrual period. She focused on following points.

- There is need to educate girls and their caretakers (eg, parents or guardians) about what to expect of a first menstrual period and the range for normal cycle length of subsequent menses.
- Identification of abnormal menstrual patterns in adolescence may improve early identification of potential health concerns for adulthood.
- It is important for every girl to have an understanding of the menstrual patterns of adolescent girls, the ability to differentiate between normal and abnormal menstruation, and the skill to know how to evaluate the adolescent girl patient.

In interaction session she was interact with girls students and retorted them on their asked complications regarding health specially menstrual period. The talk was an interactive session which provided informative to all the girls students.

In presidential speech Dr. Alka Bhise mam enlighten the students by giving information about the hygiene and health.
